Bonus Wheel Slots

Bonus Wheel Slots is a collection of three very unique slot machine games. Each game has different slot symbols and payoffs. When the bonus wheel appears, you are guaranteed to win at least 25 credits, but you could win up to 1500!

The bonus wheel will appear on average once every 40 normal spins. When it does, a special sound will play and the spinning bonus wheel will fly onto the screen. You will probably hold your breath while the bonus wheel spins because of the suspense.

Noisy Video BlackJack for Windows is a simulation of the coin-operated video blackjack machines in casinos. Noisy Video Poker for Windows is a very fun and very beautiful simulation of the video poker machines you find in casinos. Included are JACKS or BETTER, JOKERS WILD, and DEUCES WILD versions of the program.

Besides very realistic sounds like coins dropping into a metal tray (just like at the casinos) there are a variety of wacky sounds that play randomly when you don't have a winning hand. These sounds really add to the entertainment value of this program, but what really sets this game apart from others is the graphics and user interface. You can play this game with a minimum of mouse clicks which allows you to play really fast. And the cards! Unlike a lot of other poker games you may have seen, the cards in this game look completely real.

When you order Noisy Video Poker for Windows, you can get Noisy Video BlackJack for Windows for only \$5 extra. That's a savings of \$15 since both games are \$20 each when purchased separately.

The most realistic and fun horse racing and wagering simulation available. Includes several betting options (Win, Place, Show, Quinella, and Exacta) and allows multiple bets per race. Supports up to four human or computer players. Computer players place their own bets. The registered version includes 100 pre-made horses, allows you to add additional horses (up to 1,000), and to edit horses (name, color, and speed attributes). The HOME STRETCH PRO version includes everything in the basic registration package, plus HORSE OWNERSHIP! Horse Ownership adds a whole new dimension to HOME STRETCH. You can claim horses in claiming races, you can sell any of your horses through auction, you choose which races to enter, you choose which instructions to give the jockey, and you can decide whether or not to bet on your (or any other) horse.

Language Tutor

The Ultimate Language Tutor for Windows is a vocabulary learning system currently available in four languages. This program offers a variety of drills and quizzes that help you learn, master, and test your vocabulary skills. The Flashcard module is particularly useful. It allows you to read in a list of words (or words you missed during a quiz) and have the words and their translations automatically flashed on-screen at a user-set rate.

The Ultimate Language Tutor for Windows also allows the user to add a chosen list of vocabulary in different language libraries. This library builder is particularly useful to students taking a language course and using the Ultimate Language Tutor as a supplement to that course. The student can add a distinct new library that matches the vocabulary for the chapter being studied.

The built-in quiz score tracker is particularly useful for teachers wishing to make this program available to their classes. Quizzes are tracked by student.
