

Science Projects Volume 1

Science Projects is a list of projects which can be built and used in a Science Fair. Each Project consist of Pictures, a list of material, and instruction on how to assemble the Project.

Project Buttons

By clicking on one of the Project buttons you will be able to view that project. In the text box and picture box you will find a scroll bar which will enable you to move to the next picture in that project or scroll though the Text.

The Scroll Bar

The Print button will print the entire text and pictures for the project on the view screen.

This is Volume 1 of other volumes containing new Science Projects for Kids and Advanced Students.

Register this software and receive all the projects, and information on future projects.

Register
