

The Sign Finder  
Animated Sign Language Dictionary  
Demo Version 1.2 for Windows

The Sign Finder provides an easy reference for many commonly used signs. Simply type in a word and press search. The sign is instantly displayed with all the necessary hand motion. You can also browse through the signs in ascending or descending alphabetical order using the two browse buttons.

The Demo version contains 24 signs: advice, boy, car, collect, deaf, demand, door, draw, dry, family, fine, full, headache, hungry, kid, learn, like, make, mother, patience, plan, same, seem, and true. Type in one of these words to see how easy and quickly it is to locate a sign, or use the browse buttons to view them all.

If you like this software and want the complete version with signs for over 500 words, please send this form along with a \$27 check or money order to
