

README.DOC November 1, 1996

Welcome to Serif DrawPlus 3.0 (Trial Version)

The install of DrawPlus 3.0 (Trial Version) contains the following product components:

- Install/Uninstall.
- DrawPlus 3.0 program (to expire 30 days after installation).
- A sample of our collection of over 150 Design Wizards and automated function Wizards.
- Five Alerts including "The Aliens Alert": the WinVaders Game.
- Help files for DrawPlus 3.0, and PhotoWizard.
- This README document referenced by the Help files.

The release DrawPlus 3.0 CD-ROM contains the following new features:

- Windows 95 Compatibility
- OLE 2.0 Client/Server
- Microsoft Office Compatibility
- Beyond ease-of-use with 13 Feature Wizards
- 150 Design Wizard for easy design creation
- Direct TWAIN scanning
- Improved Bitmap handling
- Multiple Layers
- Banner Technology
- Clipart Browser with Drag and Drop
- Proportional Scroll Bars

In addition, the release CD-ROM also contains:

- PagePlus Intro 95
- DrawPlus 3.0 online documentation in Adobe Acrobat format.

At the time of writing, there are no reported problems.

We enjoyed producing it -- we hope you enjoy using it. We look forward to your comments.
