

Creating a User Interface

3 Setting an Object's Attributes

All objects on Interface Builder's standard palettes have attributes that you can initialize through the Inspector panel. This chapter describes many of those attributes, especially the effect they have on appearance and behavior.

But four young Oysters hurried up,
All eager for the treat;
Their coats were brushed, their faces washed,
Their shoes were clean and neat ð
And this was odd, because, you know,
They hadn't any feet.
