

Expert Writer is especially good for correspondence. Design your own custom stationary by adding an existing graphic. Select an address from the file and it's inserted automatically - with greeting! And check your spelling with the built-in 93,000 word spell checker.

An extra disk is packed with sample letterheads, fax sheets and memos, all designed by an art director, for you to personalize. Plus, a collection of sample, professionally written letters.

Expert Writer is also ideal for PowerBook users - it uses less memory than any other word processor!
