Ideal word processing package for PowerBook, using less than 400K space. File Clerk will organize, categorize, save and retrieve your files without extra file management software; Fuzzy Find locates sound-alike matches. Import/export other file types from the Nisus File Menu. Edit and append selected text on your clipboard. Set electronic book marks within a document. Find and replace any font, size or style. Paste graphics as characters or on a separate graphic layer. Text Formatting Tools include column selection; move/change separated text; headers, footers and footnotes. Merge/Menu keys and Spelling/Thesaurus modules may be ordered up as you need them.

Nisus Compact Pricing;
1 copy; £85.00.
