

Help! My SoftF/X demo won't run.

Reason

SoftF/X will not run under Windows 3.1 or Windows for Workgroups 3.1 unless the Microsoft Win32s libraries were previously installed on your system.

Resolution

- 1) Uninstall SoftF/X by running or double-clicking on the *Uninstall SoftFX* program icon.
- 2) Install the Microsoft Win32s libraries by running the **SETUP.EXE** program in located in the **Win32s** directory. Reboot your system as directed.
- 3) Reinstall the SoftF/X demo.
