

Operation Guide

● **READ the NOTICE before starting search.**

● **Searching**

1. Once entering the next page screen, the menu options will appear:
"Table of Contents" allows you to directly search by model number;
"Product Lineup" allows you to search by specificationS.
2. Each product information is composed of indivisual PDF file.
The contents of information can be easily called by using the book mark.
3. To select another product, click the SHARP logo in the blue box on the first page. Menu options will appear again.
4. Click "Contact" if there are any questions about the contents of this CD-ROM.
