

Mystery Island
has much in
the way of
flora and fauna to
pique your interest.
From lush vegetation,
featuring the only pine
trees south of the
tropic of cancer, and
exotic flowers to
penguins and water
buffalo, Mystery Island
is a showcase of all
manner of amazing
and beautiful animals
and plants.

With an eye for maintaining the island in a
pristine condition and making sure the
island's many animals are allowed to thrive
unfettered in their natural habitats, Bond Tours Inc.
made every effort to keep the resort from disturbing
the natural state of the island. In contrast to most
vacation resorts that merely provide hotel-like
accommodation, Mystery Island Resort gives you an
island paradise for your enjoyment and pleasure. This
makes for a wonderful blend of nature and comfort as
we provide you with facilities for outdoor camping as
well as all the luxuries of today's modern high class
lifestyle. So you can enjoy shooting the white water
rapids in a rubber raft or tranquil activities as you
loungue in one of our hot tubs soaking up its warmth,
and relax under the messaging influence of specially
designed water jets.

Exotic... Enchanting... Mysterious!

Have you ever gone sun bathing at the beach and then snow skiing in the mountains on the same day? Or go on a jungle safari in the morning and then play a round of golf at the club? Well, that's exactly what Mystery Island has in store you when you come to our lovely island resort. Let it's mystery bring your dreams to life!

beautiful powdery snow above warm relaxing beaches. That such wide climate extremes can coexist with such stability over the years has always been a mystery - and so that's why the first settler, Cyrus Smith, called the island "Ile Mystérieuse" - or Mystery Island. Today, with a modern resort to tame the untouched wilderness, you can simply call the island your dream vacation come true.

A

Centrally located on the Mid-Atlantic ridge for easy access from both North America and Europe, Mystery Island enjoys the benefits of tall snow-capped mountain peaks and balmy beach weather at sea level. The reason for this wonderful year-round climate condition is a unique and stable convergence of warm air from the tropics and the cold Atlantic jet stream from the north. The result is

midst Mystery Island's grassland plain lies the main resort area complete with spacious bungalows that provide you with every amenity to make your stay on the island a true vacation. Each bungalow contains a large master bedroom and either one or two additional bedrooms, a kitchen stocked full of island delicacies (with a full time tribal chef ready to prepare the most exotic of dishes), and fully appointed living and family rooms. Each bungalow also contains its own hot tub and has quick access to the beach. Also, a helicopter remains on standby for any quick hops and sightseeing trips around the island. As you can see, the resort offers fun and exercise for one and all; besides frolicking in the surf and relaxing on the sand you can enjoy horseback riding over the grassy hills, snow skiing on the slopes of Mt. Cyrus, climbing to its summit, ballooning serenely over the islands quiet coves and lagoons, and as many rounds of golf as you desire. How can one vacation resort can offer so many recreational options? you ask. Just remember, at Bond Tours* our sacred duty is to make sure all your vacation dreams come true. So don't leave the decision of where your next vacation a mystery any longer; call Worldwide Travel at (800) 555-5624, or your nearest travel agent, and find out more about how Bond Tours can add some mystery to your next vacation.
