Cabletron F70XX Network Adapter

This dialog box is used to select the resources to be used by the Cabletron F70XX adapter.   If the adapter resources you select conflict with the systems, the network adapter may fail to start.   Please select any of the following, to learn more about each resource:

Alt Network Address

Alt Network Address

If you do not wish to use the burned-in network address (default), enter the new address here.   The network address is hexadecimal and entered in the following format: xx-xx-xx-xx-xx-xx.
