Lipstick	No Effect
Wax Crayon	No Effect

LIMITATIONS:

- Surface to be applied over must be dry.
- Apply test patch prior to full application. Certain staining materials may cause improper bonding.

APPLICATION:

Surface Preparation:

- When applied as a sealer over Master Builders, Inc. terrazzo flooring systems, the surface to be coated shall be fully cured, should be clean and free of all contaminants detrimental to proper bonding.
- When used for direct applications, substrates should be clean, sound, dry and free from contaminants detrimental to proper adhesion as well.
- SEALON is applied by lambs wool applicator in one or two thin coats.
- Coverage rate: 300 to 400 ft²/gallon (27.8 to 37.2 m²/litre).

MAINTENANCE:

Please consult a Master Builders certified contractor for maintenance information.

SAFETY:

For industrial and professional use only.

For detailed safety guidelines, please refer to the Material Safety Data Sheet (MSDS).

JOB SITE ASSISTANCE:

Master Builders, upon request, may furnish to Purchaser such technical advice, assistance or recommendation(s) as it may be able to reasonably furnish with reference to the use of any material or product delivered hereunder. Purchaser, however, acknowledges that (i) such advice, assistance or recommendation(s) are being provided as a matter of customer service only, (ii) Master Builders is not providing supervision or quality control, (iii) Master Builders is not being compensated for such advice, assistance or recommendation(s), (iv) Master Builders assumes no obligation or liability of any nature for the advice, assistance or recommendation given or the results obtained and, (v) any final decisions rest with the Owner, Contractor and/or Engineer/Architect, as the case may be.
