

Lighthouse Demo

11/12/96

Version 1.0

Thank you for trying the Lighthouse demo. If you enjoy the demo and would like to purchase the full version of this product, you can contact our Direct Sales department, or see your local software vendor.

Direct Sales:

Phone: 1-800-757-7707

Internet: www.sierra.com

Minimum Requirements:

486/66

8 MB RAM

Windows 3.1+

Mouse

***NOTE:** This game uses DirectSound. You will need to have DirectX on your system in order to get *sound. Some sound cards also need updated Windows 95 sound drivers in order to play DirectSound. *Please contact your Sound Card manufacturer if you are not sure whether your Sound Card drivers are *compatible with DirectSound. If you do not have DirectX on your system, you can download it from our *on-line services and install it.

Installation:

To install the Lighthouse Demo you will need to run the SETUP.EXE file that is extracted. You can do this by double-clicking on the file in your File Manager or Windows Explorer. Follow the instructions that the SETUP program gives you.

How to Play:

The lighthouse demo is a point and click interface. You simply need to move your mouse to different areas on the screen, then click to perform the action.
