

PARALLAXIS® BOOST-IT® READ ME

This file contains last-minute product information, updates to the Parallaxis Boost-IT documentation, installation instructions and troubleshooting tips. Please refer to the user guide for installation instructions. For further troubleshooting and performance information, see Help.

Important: This program is distributed on the try before you buy basis. Please purchase this program today and get your registration information. You must be registered to gain full access to all program features, receive technical support and important product update information.

Registration

To get your registration code you need to go to Parallaxis Boost-IT web site <http://www.pxcompany.com/en/boost-it> and purchase the program. You may register your product under your name (single-user license) or a company name (multi-user license only). After the registration you will immediately receive the registration information, including your registration name and serial number (e.g. F005-AD8E-1350-8ECA-08E4). In the registration wizard window enter the name and the serial number (which is case sensitive) and click the Next button. Your copy of the software will now be registered.

System requirements

- Pentium® class processor
- Microsoft® Windows® 98, Windows Millenium Edition, Windows 2000, or Windows XP
- 9.0 Mb of available disk space
- High color resolution video adapter (SVGA compatible)

Installation

To install Parallaxis Boost-IT, follow these steps:

- Make sure you have at least 4.0 Mb of available disk space for a typical installation of Boost-IT
- Follow the setup program on-screen instructions
- During the installation process you may also subscribe for Boost-IT on-line directory news

To uninstall Parallaxis Boost-IT, follow these steps:

- From Start select Settings, Control Panel, Add/Remove Programs
- Select Parallaxis Boost-IT and press Add/Remove... button

Note: Uninstalling Parallaxis Boost-IT will completely remove Boost-IT folder, please copy the themes, skins, collections and plug-ins that you may need later to the location other than the Boost-IT folder.
