

PowerBook G4

Features

High performance

- 550-MHz or 667-MHz PowerPC G4 processor with Velocity Engine
- Performance-boosting 256K on-chip level 2 cache
- Up to 133-MHz system bus
- 128MB or 256MB of SDRAM, with support for up to 1GB of SDRAM
- ATI Mobility Radeon with AGP 4X graphics acceleration and 16MB of video memory
- Choice of fast Ultra ATA/66 hard drives up to 48GB¹

Exceptional portability

- 1-inch-thin, 5.3-pound-light design enclosed in a titanium case²
- Up to 5 hours of runtime on a single battery³
- Integrated wireless networking capabilities
- Compact, lightweight AC power adapter

Wireless and wired networking

- Ready for AirPort wireless networking; AirPort Card included in selected configurations⁴
- Built-in 10/100/1000BASE-T (Gigabit) Ethernet for high-speed network connections
- Integrated 56K V.90 modem⁵
- Infrared (IrDA) communications

Versatile expandability

- Slot-loading DVD-ROM or optional CD-RW drive
- 15.2-inch (diagonal) mega-wide display with 1152-by-768-pixel resolution in millions of colors
- FireWire, USB, VGA output, and S-video output ports and PC Card slot
- Support for dual display and video mirroring on an external VGA monitor, video projector, or TV
- iMovie 2 or optional Final Cut Pro software for digital video editing
- iTunes software for managing your digital audio collection and creating music CDs⁶

Designed to be the world's best full-featured portable computer, the PowerBook G4 features an extraordinary titanium design that is just 1 inch thin and 5.3 pounds.² It delivers a high-performance architecture, wireless and wired networking options, and lightning-fast graphics along with a stunning 15.2-inch mega-wide screen, up to 5 hours of battery life,³ and a DVD-ROM or CD-RW drive. It's no wonder that the PowerBook G4 is the portable computer of choice in creative, higher education, and business settings.

With a PowerPC G4 processor running at up to 667 MHz and support for as much as 1GB of RAM, the PowerBook G4 has the performance you need for demanding desktop video editing and graphic design projects. Add to that the advanced features of Mac OS X, such as preemptive multitasking and protected memory, and enjoy unprecedented system responsiveness and reliability. The new ATI Mobility Radeon graphics accelerator, with AGP 4X support and 16MB of fast DDR memory, will streamline your design and publishing work and push your 3D gaming experience to new heights. Along with dual display capability for using external monitors and projectors, the PowerBook G4 offers improved hardware mirroring for smooth video playback in presentations.

The PowerBook G4 is also a versatile communications center offering the best of both wireless and wired options. AirPort wireless networking lets you take your PowerBook around your office, school, or home—virtually anywhere within 150 feet of an AirPort Base Station—while staying connected for email, web browsing, and other online activities.⁴ The PowerBook G4 is the first portable with built-in Gigabit Ethernet for connection to high-speed networks and superfast file transfers. And for those times when a dialup connection is needed, it includes a 56K V.90 modem.⁵

With the PowerBook G4, you have boundless creative potential that you can take with you anywhere. Hook up your DV camcorder to edit digital video on the plane with iMovie or go the professional route and add Apple's Final Cut Pro software. With the DVD-ROM drive, you can take a break and watch a movie on the 15.2-inch mega-wide screen. Or configure your system with the CD-RW drive and burn CDs to share your work with colleagues or create your own "favorite hits" CD with iTunes.⁶ And with built-in expansion options such as FireWire, USB, a PC Card slot, and video output, you can easily add even more capabilities to your PowerBook.

The PowerBook G4: Mobility redefined.

Specification Sheet

PowerBook G4

Technical Specifications

Processor and memory

- 550- or 667-MHz PowerPC G4 processor with Velocity Engine
- 256K of on-chip level 2 cache running at processor speed
- 100-MHz system bus (550-MHz system); 133-MHz system bus (667-MHz system)
- 128MB or 256MB of PC133 SDRAM; two SO-DIMM slots support up to 1GB

Storage

- 20GB (4200-rpm), 30GB (4200-rpm), or 48GB (5400-rpm) Ultra ATA/66 hard disk drive (48GB drive available in build-to-order computers)¹
- One of the following optical drives:
 - Slot-loading DVD-ROM drive (reads DVDs at 6x and CDs at 24x)
 - Slot-loading CD-RW drive (build-to-order option; writes CD-R and CD-RW discs at 8x and reads CDs at 24x)

Communications

- Built-in 10/100/1000BASE-T Ethernet (RJ-45 connector)
- Built-in 56K V.90 modem (RJ-11 connector)⁵
- Built-in 11-Mbps AirPort Card (IEEE 802.11 DSSS compliant) in 667-MHz configuration; 550-MHz configuration is AirPort ready⁷
- Infrared technology port (4 Mbps)

Expansion

- One 400-Mbps FireWire (IEEE 1394) port⁷
- Two 12-Mbps USB ports
- One PC Card/CardBus slot supporting one Type I or Type II card

Video and graphics support

- Built-in 2D/3D graphics acceleration through an integrated ATI Mobility Radeon graphics accelerator with AGP 4X support and 16MB of DDR RAM video memory
 - Support for dual display and video mirroring: Millions of colors on the built-in display and an external display at up to 1600 by 1200 pixels
 - Support for a single external display: Millions of colors on a single external display at up to 1920 by 1440 pixels
- 24-bit video output port (VGA-style connector)
- S-video output port
- S-video to composite adapter

Display

- 15.2-inch (diagonal) built-in TFT widescreen active-matrix display
 - Support for millions of colors at 1152-by-768-pixel resolution
 - Support for resolutions of 1152 by 768, 896 by 600, and 720 by 480 pixels at 3:2 aspect ratio
 - Support for resolutions of 1024 by 768, 800 by 600, and 640 by 480 pixels at 4:3 aspect ratio

Audio

- 16-bit CD-quality stereo output (minijack)
- Two built-in stereo speakers
- Internal omnidirectional microphone

Battery and power

- 55.3-watt-hour lithium-ion battery (with integrated charge indicator LEDs) providing up to 5 hours of battery life³
- Power adapter with cable management system
- Power adapter port

Security

- Kensington cable lock slot
- Keyboard lock

Keyboard

- Built-in full-size keyboard with 77 (U.S.) or 78 (ISO) keys, including 12 function keys, 4 arrow keys (inverted “T” arrangement), and embedded keypad

Trackpad

- Solid-state trackpad for precise cursor control; supports tap, double-tap, and drag capabilities

Electrical requirements

- Line voltage: 100V to 240V AC
- Frequency: 50 to 60 Hz

Environmental requirements

- Operating temperature: 50° to 95° F (10° to 35° C)
- Storage temperature: -40° to 116° F (-40° to 47° C)
- Relative humidity: 20% to 80% noncondensing
- Maximum operating altitude: 10,000 feet
- Maximum storage altitude: 15,000 feet
- Maximum shipping altitude: 35,000 feet

Size and weight

- Height: 1.0 inch (2.6 cm)
- Width: 13.4 inch (34.1 cm)
- Depth: 9.5 inch (24.1 cm)
- Weight: 5.3 pounds (2.4 kg) with battery installed²

Specification Sheet

PowerBook G4

Configurations

Order no.	M8362LL/A	M8363LL/A
Processor	550-MHz PowerPC G4	667-MHz PowerPC G4
On-chip level 2 cache	256K at 550 MHz	256K at 667 MHz
Memory (PC133 SDRAM)	128MB	256MB
Display	15.2-inch (diagonal) TFT	15.2-inch (diagonal) TFT
Graphics support	ATI Mobility Radeon with 16MB of DDR RAM	ATI Mobility Radeon with 16MB of DDR RAM
Hard disk drive ¹	20GB Ultra ATA/66	30GB Ultra ATA/66
Optical drive	Slot-loading DVD-ROM	Slot-loading DVD-ROM
Ethernet	Built-in 10/100/1000BASE-T	Built-in 10/100/1000BASE-T
Modem ²	56K V.90	56K V.90
Wireless networking ⁴	AirPort ready	Built-in AirPort Card

All models include a built-in keyboard and trackpad; modem cable; power adapter; S-video to composite adapter; Mac OS X and Mac OS 9; QuickTime, iMovie 2, iTunes, Microsoft Internet Explorer, Microsoft Outlook Express, Netscape Communicator, FAXstf, and Palm Desktop software; Apple Hardware Test CD; complete setup, learning, and reference documentation; limited warranty; and 30 days of free Internet service through EarthLink.

Product contains electronic documentation. Backup copy of software is provided on CD-ROM.

Service and Support

Your PowerBook G4 comes with 90 days of telephone support and a one-year limited warranty. Purchase the AppleCare Protection Plan to extend your service and support to three full years. Only the AppleCare Protection Plan provides you with direct telephone support from Apple technical experts and the assurance that repairs will be handled by Apple-certified technicians using genuine Apple parts. For more information, visit www.apple.com/support/products or call 800-823-2775.

For More Information

For more information about this product or to find out where to buy Apple products, visit www.apple.com/hardware or call 800-538-9696. You can purchase Apple products from your authorized Apple reseller, the online Apple Store (www.apple.com/store or 800-MY-APPLE), or Apple's retail stores.

Visit the Macintosh Products Guide at www.apple.com/guide for the latest information on more than 18,000 hardware and software products for your new computer.

Apple offers iTools, a free suite of Internet services, to help you get more out of using the web. Visit www.apple.com to sign up.

Build-to-Order Options

In addition to choosing from Apple's prebuilt systems, you can order a custom-configured PowerBook G4 from your authorized Apple reseller or the online Apple Store. Build-to-order options include processor speed, amount of RAM, hard disk capacity, slot-loading CD-RW drive, and AirPort Card. Also available are additional lithium-ion batteries and power adapters, external keyboards and mice, and third-party peripherals such as USB Zip, external CD-RW, and FireWire hard disk drives. For up-to-date information about options and availability, visit www.apple.com/store or call 800-MY-APPLE.

Other Options

Product	Order no.
PowerBook G4 Rechargeable Battery	M8244G/B
Apple Portable Power Adapter	M8576LL/A
Apple Pro Keyboard	M7696LL/A
Apple Pro Mouse	M7697ZM/A
AirPort Card	M7600LL/C
AirPort Base Station	M7601LL/B
AppleCare Protection Plan	M8109LL/A

- ¹ 1GB = 1 billion bytes; actual formatted capacity less.
- ² Weight varies by configuration and manufacturing process.
- ³ Battery life depends on configuration and use.
- ⁴ Wireless Internet access requires AirPort Card, AirPort Base Station, and Internet access (fees may apply). Some ISPs are not currently compatible with AirPort. Range may vary with site conditions.
- ⁵ Actual modem speeds lower; speed depends on connection rate and other factors.
- ⁶ iTunes is licensed for legal or rightholder-authorized use only.
- ⁷ Actual rates will vary.
