1. Reference to SSO NEAC message, Cite SONEC-13, DTG 051200Z July and your message Cite CCP-35547, DTG 122311Z July 1955. Following is more detailed information on sightings in the NEAC area in June and July as requested in your message.

2. Inclosures 1, 2, 3, and 4 are detailed reports prepared by Watch Division, NEAC, on the 1 to 8 July sightings made by RB-47 crews. D/I NEAC has not correlated these sightings with any known activity.

3. Inclosures 5, 6, and 7 are detailed reports on the 7 July sighting near Harmon AFB, Nfld. Inclosure 6 contains the interrogation reports of the crews involved in the sighting. Inclosure 7, NEAC Weekly Intelligence HOFORN Digest contains a resume of the 7 July sighting and subsequent evaluation by D/I NEAC. Copies of all inclosures forwarded to DIRNSA.

ITEM 1. At 2100Z on 1 June, an eastbound RB-47 experienced electronic contact with an unknown aircraft or object in the area of Devon Island. A bright return was received on the APG-32 set for 20 minutes and the warning light flashed intermittently. The RB-47's K-system recorded what was possibly the sweep of another radar nearby. Contact was lost at 2120Z. No visual contact established.

On the return westbound flight, the APG-32 again had a contact for 30 minutes duration at approximately 8,000 yards. This time no indication was registered by the warning light. No visual contact made. ****

Coordinates and times as follows:

First contact (estimate)	74°40'E-105°00'W	2100Z	1 June
Contact lost	76°15'E-81°00'W	2120Z	1 June
Second contact (estimate)	74°30'E-90°30'W	2400Z	1 June
Contact lost	74°10'E-81°00'W	0030Z	2 June

ITEM 2

At 0030Z on 4 June, a westbound RB-47 experienced electronic and visual contact with an unknown aircraft or object in the Melville Sound area. The RB-47 gun warning light was flashing intermittently and the 5 radar had a contact at 7,000 yards range. Visual contact was made by crew chief, who describes aircraft as glistening silver metallic. The aircraft was first seen low and to the rear of the RB-47. It maintained a position low and to the rear and slightly right of the RB-47. The configuration of the aircraft was obscured by contrails. The aircraft broke off contact to the north with an increase in speed. The RB-47 was at 32,000, indicating Mach .735. Although gun camera films are available, they are of such poor quality that no information can be obtained from them. The radar and visual contacts were maintained for a total of 9 minutes.****

Coordinates and times are as follows:

Contact established	74°10'N - 107°10'W	0030Z	4 June
Contact lost	73°45'N - 111°35'W	0049Z	4 June

ITEM 3

At 0050Z on 7 June, a westbound RB-47 enroute to Eilson AFB, Alaska, at 35,000 feet experienced electronic contact southeast of Banks Island. The RB-47's APG-32 detected an aircraft/object at 3,500 yards and at the same level as the aircraft. The scope return was small and rectangular. The pilot interpreted it to be a form of jamming. The target warning light went on and off 3 times in as many minutes. No visual or K-system contacts.****

Coordinates and times are as follows:

Contact established	71°02'N - 127°00'W	0050Z	7 June
Contact lost		0053Z	7 June (possibly later)

ITEM 4

At 2044Z on 8 June, an eastbound RB-47 flying at 50,000 feet experienced electronic and visual contact with an unknown aircraft south of Bathurst Island. The RB-47 was flying at 30,000 and indicating 450 knots. The warning light flashed and 2 indications were observed on APG-32 scope. The K-system scope showed indications of sweeping by another radar. Visual contact indicates aircraft was 5 to 10,000 feet above RB-47 and approximately 5-10 miles behind for approximately 20 minutes. The co-pilot of RB-47 states aircraft had fighter configuration. Contrail was observed as aircraft disappeared. Contrail also sighted by 2nd RB-47 approximately 80 miles behind 1st; therefore, about 70 miles behind the sighted aircraft. Distance suggests contrails remain visible for some time.****

Coordinates and times are as follows:

Contact established 74°26'N - 103°25'W 2044Z 8 June

Contact lost 2140Z 8 June

/// /CONFIDENTIAL/ /// /ADDAO 167 REF ADDAO 164 AND ADDAO 165 THIS IS

FOLLOW UP REPORT OF PERSOELL STATEMENTS. THIS MSG IS IN 6 PARTS.

ADOP 7-3. THE FOLLOWING REPORT IS SUBMITTED IAW NEAC REG 200-2, DTD 19 DEC 51.

THIS MSG IS IN 6 PARTS. IT INCLUDES 6 SIGNED STATEMENTS WHICH MAY CONSTITUTE A
VITAL INTELLIGENCE SIGHTING.

PART 1. "I WAS AT THE CONTROLS AT THE TIME OF THE INITIAL SIGHTING OF THE
OBJECT WHEN IT WAS CALLED TO THE ATTENTION OF THE CREW IN THE FORWARD PART OF
THE ACFT THAT THIS PARTICULAR OBJECT WAS MAKING ERRATIC MOTION IN THE SKY. AT
THIS TIME, UPON SIGHTING THE OBJECT MYSELF, I DID NOTICE THAT THE OBJECT WAS
MAKING A VERY IRREGULAR ZIG ZAG PATTERN AT A POSITION OF APPROX 10 O'CLOCK LOW
ON THE HORIZON. OUR ALTITUDE AT THAT TIME WAS 16,000 FEET, OUR HEADING 125
DEGREES. THE OBJECT APPEARED TO HAVE THE SAME ALTITUDE OF OUR ACFT. THE EASTERN
SKY WAS JUST BEGINNING TO LIGHT UP, THE TIME BEING APPROX 0700Z, AND THE OBJECT
WAS VISIBLE THROUGH WHAT LOOKED TO ME TO BE AN INVERSION LAYER. MY FIRST
IMPRESSION WAS THAT IT WAS VERY LIKELY THE MORNING STAR OR VENUS AND THAT ITS
ERRATIC MOTION MIGHT BE ATTRIBUTED TO REFRACTION AND OUR OWN RELATIVELY FORWARD

MOTION. HOWEVER AT THE TIME THAT 'TRACE' WAS NOTIFIED AND CONFIRMED THAT THEY HAD PICKED UP 4 OR 5 TARGETS IN THIS SAME AREA, I BEGAN TO WONDER WHETHER IT WAS THE MORNING STAR OR SOMETHING ELSE. BETWEEN THE TIME OF THE INITIAL SIGHTING AND THE TIME THAT WE STARTED OUR LET-DOWN, WHICH WAS APPROXIMATELY $\frac{1}{2}$ HOUR, IT IS MY ESTIMATE THAT THE OBJECT CHANGED ITS POSITION WITH RESPECT TO THE HORIZON BY APPROXIMATELY 15 DEGREES OF ELEVATION AND 5 DEGREES AZIMUTH. AFTER THIS BEFOREMENTIONED ANGLE OF ELEVATION INCREASED, THE OBJECT MOVED OUT OF THE SUSPECTED INVERSION LAYER AT WHICH TIME THE EXTENT OF ITS ERRATIC MOTION SEEMED TO DIMINISH AND ONCE AGAIN I THOUGHT IT WAS POSSIBLY THE MORNING STAR."

SIGNED LT. PAUL DALLI AO 1657967 CO-PILOT, KC-97 97TH AFS (TOY EHAB)

PART 2. "AT 0705Z THIS DATE, I RECEIVED A CALL FROM 'ARCHIE 91' A KC-97 ENROUTE TO HARMON AFB, HIS POSITION AT THIS TIME WAS 260 DEGREES TRUE E, 80 MILES FROM THIS STATION. 'ARCHIE 91' REPORTED SIGHTING AN UNKNOWN OBJECT IN THE AIR TO THE LEFT OF HIS ACFT, SLIGHTLY ABOVE HIM, MOVING AT VERY HIGH SPEEDS. IMMEDIATELY THEREAFTER, 'ARCHIE 29' ANOTHER AIRCRAFT APPROXIMATELY 20 MILES TO THE

OF 'ARCHIE 91' REPORTED A SIGHTING OF THE SAME OBJECT IN THE SAME LOCATION. THE OBJECT WAS DESCRIBED AS FLYING A VERY ERRATIC COURSE, MAKING SHARP CHANGES IN DIRECTION. BOTH AIRCRAFT REPORTED THAT THERE WERE NO CLOUDS WHATSOEVER NEAR THIS ALTITUDE THAT MIGHT CAUSE A REFLECTION.

APPROXIMATELY 0707Z I MADE RADAR CONTACT WITH A TARGET IN THE REPORTED POSITION, AND ALSO WITH SEVERAL OTHER TARGETS SLIGHTLY CLOSER TO THIS STATION. THE SIGHTED OBJECT APPEARED TO BE MOVING VERY SLOWLY AT THIS TIME AND EXCELLENT RAD CONTACT WAS MAINTAINED FOR SEVERAL MINUTES. THE OTHER AIRCRAFT REPORTED ALSO, THAT AT THIS TIME THE OBJECT SEEMED TO BE HOVERING. THE OTHER GROUP OF OBJECTS DETECTED ON RADAR WERE MOVING VERY FAST, SOMETIME IN A CLUSTER, THEN STRUNG OUT IN LINE FORMATION. DUE TO SLOW ANTENNA ROTATION, HIGH SPEED AND CHANGING COURSE OF THESE OBJECTS, SPEED CHECK WAS NOT AVAILABLE. ESTIMATE OF SPEED WOULD BE 1,500 KNOTS. THIS GROUP OF TARGETS WAS DETECTED BRIEFLY BY THE HIGHEST FINDER

AT FROM 5,000 - 10,000 FEET.

I ASKED 'ARCHIE 29' IF HE WOULD ATTEMPT TO CLOSE ON THE SIGHTED OBJECT USING CAUTION, FOR A BETTER REPORT. THE PILOT OF 'ARCHIE 29', LT R.E. SPEER AGREED AND CHANGED COURSE TOWARD THE OBJECT. APPROXIMATE RANGE TO THE OBJECT WAS 40 MILES. THE OBJECT WAS STILL HOVERING IN APPROXIMATELY THE SAME LOCATION. AS THE RANGE DECREASED, THE OBJECT BEGAN SLIGHTLY MOVING NORTHWARD. AFTER TRAVELING NORTH ABOUT 10 MILES THE OBJECT MADE A TURN BACK SOUTH. 'ARCHIE 29' CLOSED TO WITHIN 18 MILES OF THE OBJECT, THEN IT BEGAN TO MOVE OFF IN A NORTHEASTLY DIRECTION AGAIN ABOUT 070 DEGREES TRUE. 'ARCHIE 29' REPORTED THAT THE OBJECT WAS MOVING NORTHWARD AND CLIMBING. HE SAID IT LOOKED LIKE HE WAS NOT CLOSING ON IT ANY LONGER. AT THIS TIME I REQUESTED PERMISSION FROM 'DIGNITY' (CONTROL CENTER) TO 'SCRAMBLE' A FIGHTER AFTER THE OBJECT. REQUEST WAS APPROVED AND 'SCRAMBLE' WAS COMPLETED. RANGE OF OBJECT BY THIS TIME WAS 390 DEGREES TRUE AT 80 MILES.

SHORTLY THEREAFTER, A MOMENTARY CONTACT WITH THE OBJECT WAS MADE ON OUR HEIGHT FINDER. ALTITUDE WAS 35,000 FEET. 'ARCHIE 29' REPORTED THAT OBJECT WAS GETTING MUCH HIGHER AND FADING FROM VIEW, DUE TO LESSENING OF SUN'S REFLECTION ON IT, AND ALSO SUN BEHIND RESTRICTED VISION.

WHEN FIGHTER BECAME AIRBORNE, OBJECT WAS 110 MILES NORTH OF THE STATION. FIGHTER PILOT, SHAKO 56, REPORTED HIS RADAR WAS INOPERATIVE HE REQUESTED TO CONTINUE MISSION FOR ATTEMPT AT VISUAL CONTACT. WHEN SHAKO 56 REACHED 'ARCHIE 29' POSITION, THE OBJECT HAD FADED FROM VIEW. BOTH AIRCRAFT WERE NOW 150 MILES NORTH-EAST OF THIS STATION. AIRCRAFT WERE TRANSFERRED TO 'CRANDPA'S' CONTACT MOMENTARILY, THEN TURNED BACK TOWARDS STATION. BOTH LANDED WITHOUT FURTHER INCIDENT."

SIGNED 2ND LT. CHARLES H. DENNEY USAF SENIOR DIR 640TH ACW SQ.

PART 3. FROM THE PERIOD OF 1700 5 JULY TO 0200 6 JULY 1955, I ASSUMED THE DUTIES OF CO AT THE 640TH ACN SITE. AT APPROXIMATELY 0700Z, I WAS CALLED INTO OPERATIONS BY THE SENIOR CONTROLLER, WHO IN TURN ADVISED ME OF UNKNOWN OBJECTS BEING VIEWED ON THE RADAR. IN CHECKING ALL RADAR IN OPERATION, IT WAS FOUND THEY WERE FUNCTIONING PROPERLY.

APPROXIMATELY FROM 1 JULY 1955 TO PRESENT, PERIODICALLY THROUGH THE DAY WE HAVE HAD WEATHER INVERSIONS CAUSING OUR RADAR BEAMS TO BEND TOWARD THE GROUND. WE HAVE PERIODICALLY PICKED-UP THE SOUTH SHORE OF LABRADOR AND ANTICOSTI ISLAND DUE TO THE WEATHER INVERSION. AT THE TIME OF THE SIGHTINGS, NO SUCH RADAR PHENOMENON WAS NOTICED. ALL UNKNOWN OBJECTS SIGHTED ON THE RADAR WERE WITHIN THE CAPABILITIES OF OUR RADAR SET."

SIGNED 1ST LT. ANTHONY G. SCARPAGE AO-941144S CND ELECT OFFICER, 640TH ACN SQ.

PART 4. "AT 0700Z, THE NAVIGATOR GAVE US A HEADING OF 132 DEGREES TO HAWK. JUST AFTER WE TURNED TO THAT HEADING LT. SCRNECK MADE HIS REPORT OF THE OBJECT. I LOOKED OVER WHEN HE CALLED IT IN AND THOUGHT IT WOULD HELP IF I VERIFIED WHAT HE SAW BECAUSE I SAW THE SAME THING AT APPROXIMATELY THE SAME POSITION. 'ERRAGE' IDENTIFIED SOME OF US BY OUR PARROT. 'ERRAGE' DETERMINED THAT I WAS APPROXIMATELY 7 MILES CLOSER TO THE OBJECT SO HE HAD ME GIVE CHASE. THE OBJECT AT THIS TIME WAS APPROXIMATELY 25,000 FEET. MY ALTITUDE WAS 18,000 FEET. THE DISTANCE WAS APPROXIMATELY 35 MILES. WHEN I FIRST SIGHTED THE OBJECT, IT MOVED TO THE LEFT IN A VERY DEFINITE MOVEMENT AND A VERY FAST MOVEMENT. THERE WERE NO SLOW INCREASE OR DECREASE IN SPEED. IT WAS A VERY DEFINITE FAST MOVEMENT. IT DID THIS TWICE. WE TURNED TO A HEADING OF 030 DEGREES AND THAT PUT THE OBJECT AT 12 O'CLOCK OUR POSITION. WHILE TRACKING THE OBJECT, IT MADE SEVERAL TURNS TO THE NORTH AND SEVERAL TURNS TO THE SOUTH WHICH WERE VERIFIED BY 'ERRAGE'. WE CLOSED OUR DISTANCE TO THE OBJECT TO APPROXIMATELY 18 MILES AND AT THAT TIME I INCREASED

MY POWER AND TRIED TO INCREASE MY SPEED BUT DUE TO RUNNING LOW ON OIL, I HAD TO DECREASE MY POWER ONCE MORE. OUR INDICATED AIR SPEED WAS APPROXIMATELY 210 MILES PER HOUR. WHEN WE GOT WITHIN 12 MILES OF THE OBJECT, IT STARTED A DEFINITE CLIMB TO AN ESTIMATED ALTITUDE OF BETWEEN 35,000 AND 40,000 FEET. AT 0600Z, WE LOST CONTACT WITH THE OBJECT BECAUSE THE SUN WAS DIRECTLY IN FRONT OF US. AS THE SUN ROSE HIGHER, THE LIGHT BEGAN TO GET DIMMER AND DIMMER UNTIL WE COMPLETELY LOST SIGHT. IF WE HAD NOT SEEN THE MOVEMENT OF THE OBJECT, WE WOULD HAVE THOUGHT IT WAS ONLY A BRIGHT STAR, BUT THE DEFINITE HORIZONTAL AND VERTICAL MOVEMENTS OF THE OBJECT KILLED THAT BELIEF. THE OBJECT WAS SIGHTED BY AT LEAST 5 OF MY CREW MEMBERS.

AT 0625Z AS WE WERE MAKING CONTACT WITH OUR RECEIVERS, WE SIGHTED AN OBJECT WITH A BRIGHT LIGHT AT APPROXIMATELY 10,000 FEET. IT WAS BELOW US AND TO OUR LEFT HEADING IN THE SAME DIRECTION. IT WENT FORWARD TO OUR LEADER'S POSITION AND TURNED AROUND AND CAME DIRECTLY BACK FROM THE READING OF 090 DEGREES. MY 2ND NAVIGATOR CALLED MY ATTENTION TO THIS OBJECT, BUT I DISREGARDED IT THINKING IT WAS ANOTHER AIRCRAFT. AFTER IT PASSED OUR POSITION, WE LOST CONTACT."

SIGNED LT, HOMER E. SPEER, JR. AO-1856075 AIRCRAFT COMER KC-97 97TH AFS (TST
KHAFB)

PART 5. "WE TURNED OFF AFTER COMPLETION OF REFUELING, THE TIME BEING APPROXIMATELY 0700Z, AND TOOK UP A HEADING FOR ZAEMON WHICH WAS 125 DEGREES. SHORTLY THEREAFTER 'ENTRACE' CONTROL NOTIFIED ME OF AN AIRCRAFT AT 7 MILES OFF MY LEFT WING. I VERIFIED THIS POSITION BY VISUAL CONTACT OF SAID AIRCRAFT. SHORTLY THEREAFTER, AT 10 O'CLOCK TO MY POSITION, I NOTICED A BRIGHT LIGHT. AFTER CONSULTATION WITH 3 CREW MEMBERS, WE DECIDED THE LIGHT WAS MOVING VERY RAPIDLY. I DECIDED TO CALL 'ENTRACE' CONTROL TO VERIFY THE LIGHT. I TOLD 'ENTRACE' CONTROL THAT IT WAS APPROXIMATELY 10 O'CLOCK FROM MY POSITION AT FROM 15,000 TO 20,000 FEET, AN

ESTIMATED 50 MILES. I ALSO TOLD THEM IT WAS MOVING VERY RAPIDLY SOMETHING LIKE
THOSE FLYING SAUCERS. SHORTLY THEREAFTER, 'ARCHIE 29' CALLED 'E' TRACER CONTROL AND
VERIFIED MY ACCOUNT OF THE OBJECT. AFTER POSITIVE IDENTIFICATION OF 'ARCHIE 29',
THE DISCUSSION OF THE OBJECT WAS REFERRED TO AS TO ITS POSITION FROM 'ARCHIE 29'.
I VERIFIED ALL OF 'ARCHIE 29's' INFORMATION AND CONTINUED WATCHING THE OBJECT
UNTIL APPROXIMATELY 20 MILES FROM HARMON FIELD. FROM THE INFORMATION 'E' TRACER WAS
GIVING 'ARCHIE 29', IT WAS APPARENT THAT 'ARCHIE 29' WOULD MAKE ANY FURTHER REPORTS
ON THE OBJECT, SO I DECIDED TO LAND AT HARMON AND CLEARED FROM THE 'E' TRACER FREQUEN-
SIGNED LT. ROBERT W. SCHNECK AO-775721 AIRCRAFT CMDR, KC-97 97TH AFS (EDY TRAFFIC
PART 6. "AFTER WE FINISHED OUR REFUELING RUN AT APPROXIMATELY 0700Z, WE RETURNED
ON OUR HOMEWARD COURSE AND WE HEARD LT SCHNECK REPORT THE BRIGHT LIGHT THAT WAS
MOVING VERY FAST AND ERRATICALLY. RIGHT AFTER THAT THE AIRCRAFT COMMANDER SAW THE
OBJECT AND POINTED IT OUT TO ME. I COULD SEE IT. IT LOOKED LIKE A VERY BRIGHT
LIGHT, LIKE A STAR. WE TURNED TOWARDS THE LIGHT AND THAT WAS THE FIRST TIME I
NOTICED MOVEMENT. IT APPEARED STATIONARY FOR QUITE A WHILE AND THEN IT MOVED IN
EITHER NORTHERLY OR SOUTHERLY DIRECTIONS AT DIFFERENT TIMES. EACH TIME IT MOVED,
WE TURNED THE AIRCRAFT TO KEEP IT AT 12 O'CLOCK POSITION. 'E' TRACER FIRST REPORTED
WE WERE 45 MILES FROM THE OBJECT. THE SKY WAS FAIRLY LIGHT ON THE HORIZON AND BY
CONTRAST THE OBJECT APPEARED VERY BRIGHT. IT WAS AT ITS BRIGHTEST WHEN 'E' TRACER
INFORMED US THAT WE WERE 18 MILES FROM IT. AFTER THE SKY WAS GETTING LIGHTER,
THE OBJECT BECAME DIMMER AND MORE DIFFICULT TO SEE. ABOUT 0600Z, IT DISAPPEARED
COMPLETELY."

SIGNED LT. DAVID GUILDNER AO-3006255 CO-PILOT, KC-97 97TH AFS (EDY TRAFFIC)

During the period 9 through 13 March, three unexplainable radar contacts have been made by equipment located in the Canal Zone. On two occasions, aircraft were vectored into the area by the radar sites, with negative results. Interrogation of scope operators has indicated that returns were strong and easily distinguished from cloud formations. Returns were definite when associated with clouds. Generally the tracks were triangular with speed of movement very erratic. Movement appears at times to be evasive action. The incident of 9 - 10 March was tracked by gun laying radar. During period of observation, radar maintenance personnel checked out their system thoroughly. In addition, lock was broken, however, the equipment immediately picked up target and locked on. A second tracking radar situated on Taboga Island, locked on the return. Target generally remained in same area half way between radar sites. Personnel stationed at sites reported seeing red and green lights but no noise was associated with lights. Visibility was good. However, lights were visible for only a short period. A commercial flight volunteered to investigate target. He was vectored within a hundred yards of target and reported negative sighting. Target faded out at 0208R on 10 March.

At 10:12R on 10 March, search radar reported unidentified target west of canal. A T-33 from Howard Field was sent to investigate. Negative results. Aircraft was in the immediate area of target with negative sighting. Contact with target was broken at 14:15R.

PAGE

In accordance with Department of the Army Intelligence Collection Memorandum #200-72B-1, dated 6 August 1957, subject: "Unconventional Aircraft", the following information is submitted:

1. On 10 March 1958, Capt. Harold E. Stahlman, Operations Officer, 764th Anti-Aircraft Operations Center (AAOC), Fort Clayton Canal Zone, reported information concerning the sighting of an unidentified flying object. At 2003R, 9 March 1958, Stahlman, as Deputy Defense Commander for Anti-Aircraft Defenses, was notified at his home by the Operations Duty Officer, AAOC, that the AAOC had received a radar report of an unidentified aircraft approaching the Pacific side of the Isthmus of Panama. Stahlman arrived at the AAOC at approximately 2008R.

During the radar tracking of the first blip which appeared on the radar screen, two additional blips were observed at 2045R. The first echo was identified as a Chilean Airlines aircraft which landed at Tocumen Airport, Tocumen, Republic of Panama. The two other blips, which were not identified, indicated that the two objects were in the vicinity of Fort Kobbe, Canal Zone. A civilian aircraft in the general vicinity of the objects made a visual search of the area with negative results. The original blips were picked up by Search Radar and then transferred to the Track Radar Unit located at Flamenco Island, Fort Amador, Canal Zone. This unit was able to lock on the unidentified objects and the following information was obtained:

Number of Objects:	Two, approximately one hundred yards apart.
Duration of Radar Observation:	2003R, 9 March 1958, to 0208R, 10 March 1958.
Location of Radar:	Battery D, 764th AAA Bn, Flamenco Island
Location of Object:	LJ 2853. (Geo-Ref, Military Grid Reference System)
Prevailing Weather:	Clear, visibility unlimited; no wind reported.
Direction of Flight:	Average angle of elevation, 365°, Azimuth, 330 mils.
Manner of Flight:	Steady, slight circular path over the vicinity of Fort Kobbe, Canal Zone.
Altitude:	Varied from two to ten thousand feet. Average of seven thousand feet.

An attempt was made by members of the Radar Site, Flamenco Island, to observe the objects by searchlights. When the light touched the objects, they traveled from an altitude of two thousand feet to ten thousand feet in five to ten seconds.

WARNING: This document contains information affecting the national defense of the United States within the meaning of the Espionage Laws, Title 18, U. S. C., Sections 793 and 794. Its transmission or the revelation of its contents in any manner to an unauthorized person is prohibited by law. It may not be reproduced in whole or in part, by other than United States Air Force Agencies, except by permission of the Director of Intelligence, USAF.

IR-4-58

This was such a rapid movement, that the Track Radar, which was locked on target, broke the Track Lock and was unable to keep up with the ascent of the objects. As Track Radar can only be locked on a solid object, which was done in the case of the two unidentified flying objects, it was assumed that the objects were solid. The possibility that the sightings might have been weather balloons was discarded when the Air Force was contacted and stated that no balloons were in the air at that time. (F-3)

2. On 10 March 1958, Capt. Stahlman made another report concerning the sighting of an unidentified flying object by Search Radar located on Taboga Island, Republic of Panama. The following information was obtained in regard to the sightings:

Number of Objects:	One.
Duration of Radar Observation:	.1012R to 1412R, 10 March 1958.
Location of Radar:	Taboga Island Radar Site.
Location of Object:	KL 1646. (Geo-Ref, Military Grid Reference System)
Prevailing Weather:	Partly cloudy.
Manner of Flight:	From an erratic to a triangular shaped flight pattern.
Altitude:	Undeterminable due to radar system used.
Speed:	Variable, from hovering to approximately one thousand miles per hour

Track Radar indicated that the object moved away from two United States Air Force jet aircraft that were approaching. At that time the speed of the object was calculated at approximately one thousand miles per hour. The use of Track Radar was terminated at 1412R.

3. On 11 March 1958, Lt. Roy M. Strom, Operations Officer, 764th AAA Bn, Fort Clayton, Canal Zone, reported information received from a Pan-American Airlines Pilot concerning an unidentified flying object. At approximately 0400R, 11 March 1958, the pilot of incoming aircraft C-509, a Pan American Airlines DC-6, observed an unidentified flying object 12 degrees North on Fox Trot route. The object appeared larger than the aircraft and was traveling in a Southeasterly direction.

At the same time Lt. Strom reported that an unidentified flying object was picked up by Hawk Radar. The object was plotted twice at approximately 0508R heading Northwest at LK 3858. On the third plot, at 0517R, the object had moved to LK 5434 in a Southwesterly direction. Eleven minutes elapsed during the confirmation of the three plots. At 0528R, the object was sighted at LK 4303. Incoming aircraft C-509 was in the same area and Hawk Radar was asked if it was the same track that was picked up previously. The answer was negative. The object was last plotted at LJ 3254 at 0536R, still traveling in a Southwesterly direction. Radar contact was lost at that time. The size, shape, or altitude of the object could not be determined by radar. (P-6)

G2 USARCARIB COMMENT: DAICM #200-72B-1 mentioned above requires that:

"The Headquarters of the nearest Major Air Command should be notified of sightings which come to the attention of Army personnel", referenced DAICM continues, "Air Force Commanders have instructions from the Department of the Air Force which cover reporting on subject (AFR-200-2: "Unidentified Flying Objects Reporting, Short Title: UFOB) (U)". This office continues to report information as developed.

EXTRACTS FROM THE LOG AT MOVEMENT & IDENTIFICATION SECTION ADCC

09 March

19:59 Unknown aircraft flying Tango Route inbound. No known aircraft in area but one advised by Tocumen, WEZ BLB ATC.

20:45 Unidentified blip believed to be weather balloon picked up between Albrook and Taboga. Appears to be orbiting. No air traffic in area at all. Advised ATC of possibility of object interfering with air traffic.

20:45 Advised that a balloon had been released earlier in the evening at approximately 1830R but should be down south-east of Albrook at present time.

21:40 Tower advised P-501 (Pan American Flight) is cleared by Albrook ATC for DP instructions in order to avoid object. Flight P501 will cross the canal over Albrook.

23:45 Distance of object from D Battery (Flamingo) is 4870 yards, height 3.5 thousand feet. At the present time, a searchlight from harbor entrance control point is being used to aid in identification purposes, to be executed by one AF-Naval crash boat.

23:55 Object now at 6.0 feet moving away very rapidly to the southwest.

24:00 Radar advises that as soon as searchlight was employed, the object became evasive. Object now at 10.0 feet, 7800 yards from site. Two returns, one at 10.0 feet, other at 08.

10 March

00:44 Braniff Flight 400 reports negative sighting of object during brief investigation. Radar reported aircraft was approximately 100 yards from object.

00:55 Radar reports two targets now approximately 100 yards apart. Braniff Flight 400 landed at 0047.

02:10 Radar contact lost.

10:12 Unknown aircraft at EJ1646, speed 290K. No known aircraft in area. Check with Tocumen, Albrook, Howard, ATC & CAA. Blip very practical, has reached speed of 900K then slows to a complete stop for several minutes before moving again.

10:30 Major Davis at Howard Operations advised of UFO. He will go up and take a look.

11:20 AF 5289 (T-33) airborne to check UFO. UFO was observed

to avoid jet. As soon as jet got close, UFO appeared to move away for several miles, then stop.

12:00

Jet returned to Howard. Pilot called and advised nothing was seen. Also advised Weather Build-up. Radar advised they could distinguish UFO from clouds and build-ups.
