

# Inspiration® HyperStudio Planning Examples

Each Bubble shown is a card in this HyperStudio project. Click on a bubble and then the upper right red square to see suggestions for what should go on the card.

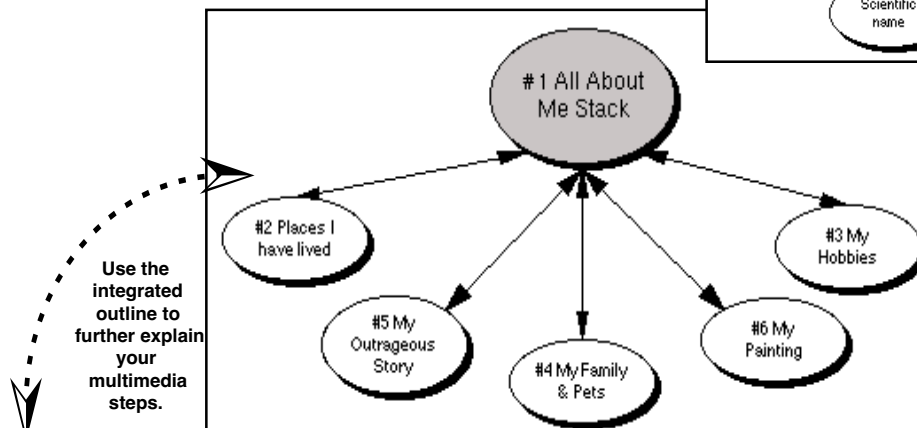

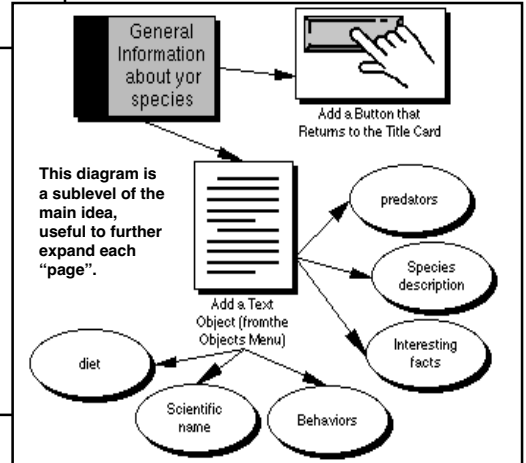

Use the integrated outline to further explain your multimedia steps.

## Endangered Species Stack

- I. General Information about your species
- II. A picture of species
- III. Food Chain
- IV. Habitat
- V. The Story of your Species
- VI. Take Action About your species
- VII. The Future of your Species
- VIII. Bibliography Card

Inspiration's integrated diagram and outline formats make it easy to plan multimedia presentations. Inspiration's sublevel diagrams help students move to the next step of their presentation quickly and easily.

Use the integrated outline to further explain your multimedia steps.

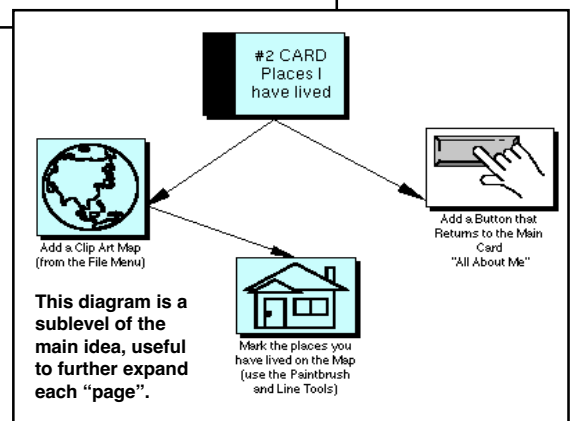

## #1 All About Me Stack

This is the main card for the stack. All cards link back to this one.

- \_\_Name this card "All About Me"
  - \_\_Add your Picture (Use add a Graphic Object) If you don't have a picture then draw and paint one using the tools and colors.
  - \_\_Add your Name (Use the T Tool)
- This card should have a button for each of the following cards. Make these buttons after you have made all the cards.
- \_\_Places I have lived
  - \_\_My Hobbies
  - \_\_My Family & Pets
  - \_\_My Outrageous Story
  - \_\_My Painting

## #2 Places I have lived

- \_\_Name this card "Places I have Lived"
- \_\_Add a Clip Art Map (from the File Menu)
