A diagram of a table layout with dimensions. The table has a total width of 940p and a total height of 607p. The layout is divided into a header row, a main body, and a footer row. The header row has a height of 48p and is divided into three columns: a left column of 472p, a middle column of 182p, and a right column of 86p. The main body has a height of 400p and is divided into two columns: a left column of 612p and a right column of 182p. The footer row has a height of 127p and is divided into two columns: a left column of 708p and a right column of 86p. The dimensions are indicated by lines and text labels around the table structure.
