## Features

### 82 All you need for £1,500

Is it possible to get a complete business system including a PC, printer and software for £1,500? We've investigated all the options to find the best deal.

### 96 Colour inkjet printers

Colour printing at home is now more affordable than ever, but which printer should you choose? We test a dozen colour printers that cost under £500.

### 104 Tax software

With deadlines looming for submitting the new self-assessment tax returns, we evaluate five packages that claim to help.
