

# **TABLE OF CONTENTS**

## **PREFACE**

About This Manual . . . . .	vii
Organization of this manual . . . . .	viii
Documentation conventions . . . . .	ix
Related Publications . . . . .	x
Customer Support . . . . .	xi

## **1 OVERVIEW**

What Is TextBridge OCR? . . . . .	1-2
Supported Text Formats . . . . .	1-4
Supported Scanners . . . . .	1-6
What Comes with TextBridge . . . . .	1-7
System Requirements . . . . .	1-8
On-line Help . . . . .	1-9
Getting Started . . . . .	1-10

## **2 INSTALLATION**

System Configuration and Performance . . . . .	2-2
Installing and Testing the Scanner . . . . .	2-4
Basic scanner installation steps . . . . .	2-4
If you have an XIS Datacopy scanner . . . . .	2-5
Installing TextBridge Software . . . . .	2-6
Run the software setup program . . . . .	2-7
Run the scanner setup program . . . . .	2-9
Install and test a TWAIN source driver . . . . .	2-10
Install and test an ISIS driver . . . . .	2-12
De-installing TextBridge . . . . .	2-16

### **3 USING TEXTBRIDGE**

About TextBridge Preferences . . . . .	3-2
Scanning and Converting a Document . . . . .	3-5
Recognizing and Converting TIFF Files . . . . .	3-8
Previewing Pages Before Processing . . . . .	3-12
Verifying Text During Recognition . . . . .	3-18

### **4 TIPS AND TECHNIQUES**

Getting the Best Text Recognition . . . . .	4-1
Use and maintain your scanner properly . . . . .	4-2
Adjust scanner brightness . . . . .	4-3
Adjust for colors . . . . .	4-5
Use the fax filter . . . . .	4-5
Process multiple documents separately . . . . .	4-6
Use the word verifier . . . . .	4-8
Use the Invert command in Preview . . . . .	4-9
Tips for Efficient Processing . . . . .	4-10
Zone to capture only the data you want . . . . .	4-10
Use the Ignore Photos/Halftones option . . . . .	4-11
Use auto page orientation . . . . .	4-12
Use auto page segmentation . . . . .	4-14
Saving Page Images . . . . .	4-15
Running TextBridge from Other Applications . . . . .	4-17
Use the TextBridge Application Server . . . . .	4-17
Starting TAS and registering applications . . . . .	4-18
Running TAS from within your application . . . . .	4-19
Use the TextBridge OCR Printer . . . . .	4-22
Adding the OCR printer . . . . .	4-22
Using the OCR printer in your imaging application . . . . .	4-25

## **A TROUBLESHOOTING AND ERROR CORRECTION**

What To Do if You Encounter a Problem . . . . .	A-2
Troubleshooting Common Problems . . . . .	A-3
ISIS scanner problems . . . . .	A-3
TWAIN scanner problems . . . . .	A-5
Problems with Scanner Setup . . . . .	A-6
Problems with buffered memory mode . .	A-7
TWAIN source driver errors . . . . .	A-8
Virtual memory problems . . . . .	A-9
Other problems during TextBridge operation . . . . .	A-11
Correcting Error Conditions . . . . .	A-12

## **GLOSSARY OF TERMS**

## **INDEX**

## **LIST OF TABLES**

P-1. Documentation Conventions . . . . .	ix
1-1. Supported Text Formats . . . . .	1-5
3-1. Preferences . . . . .	3-3
3-2. Supported TIFF Resolutions and Formats . .	3-8
