

Contents

1 Introduction	1
2 Converting word processor files	3
Converting existing files	4
Preparing files for conversion	7
Setting conversion options	8
3 Spell-checking and thesaurus	11
Spell checking text	11
Using the thesaurus	17
4 Design-Time Controls	19
New Window Button	21
Shopping Cart	22
Site Outliner	27
Toggle button	29
Web Tour	30
5 Editing images	33
Choosing an image editor/viewer	34
Web image basics	35
Introducing PhotoImpact SE	38
Working with files	41
Adding text to an image	43
Web image tricks	45

6 Creating projects from templates	53
Creating a project	53
Configuring the Site Template wizard	54
Using the configuration file	55
Sample configuration file	56
7 Using macros	59
Creating macros	60
Running a macro	62
Changing a macro accelerator	63
Deleting a macro	63
Saving and loading macro files	64
8 Shortcut keys	65
File commands (Editor)	66
Editing commands (Editor)	66
Switching between views and display modes (Editor)	67
Inserting, deleting, and moving text and markup (Editor)	67
Formatting characters (Editor)	68
Formatting paragraphs (Editor)	69
Moving around in a document (Editor)	69
Moving around in tables (Editor)	70
Making and extending selections (Editor)	71
Choosing menu items (Editor and Information Manager)	72
Moving between windows and dialog boxes	72
Navigating in a dialog box (Editor and Information Manager)	73
Working with projects (Information Manager)	74
Working with files (Information Manager)	75
Changing views in the Link panel (Information Manager)	75
Navigating in the Project panel (Information Manager)	76
9 Using cascading style sheets	77
Using the cascading style sheet editor	78
Attaching cascading styles to a document	80
Setting a cascading style for an element	82
Classes and IDs	83
Setting style properties	85

Examples of simple styles	93
Cascading styles: Advanced mode	94
10 Visual Dynamic Keyboard	107
Overview	108
The keyboard structure	116
Main keyboard	118
Navigate/Edit keyboard	118
Alphanumeric keyboards	119
Toolbar keyboards	122
Menu keyboards	124
The Desktop Manager keyboard	125
Mouse Control keyboard	126
Special editing keyboards	126
VDK selection methods	129
VDK settings	137
