

# The HP PhotoSmart Photo Printer

*PhotoSmart*

## Capture

- your favourite images

## Create

- makes multiple reprints and enlargements

## Share

- personalised photos, cards and calendars can be shared with family and friends

## Print real photos worth framing

The HP PhotoSmart Photo Printer lets you print real photos with your home PC. When used with HP Photographic Papers and Inks, you get the best results for prints and projects that are a joy to own or share with friends. Reprints, enlargements or any photo project take minutes to do - it's like having a photo lab in your own home.

The printer comes complete with Microsoft® Picture It!™ software that lets you easily enhance your photos and create personalised cards, newsletters, diaries and more. You can go as far as your imagination will take you.

Used in conjunction with HP PhotoSmart Photo Scanner, the HP PhotoSmart Digital Camera and HP Photographic Supplies, you will be able to create any photo project that's fun for the whole family.

## A photo printer for all your photo projects

- reprint, enlarge, crop and enhance your photos
- save time and money by printing right from your home PC
- has the look and feel of real photos for framing or photo albums
- 6 inks designed for photographic prints
