## **General Info**

US Constitution Quizzer version 3.0 is a simple drill and practice multiple choice quizzer to help students review for US Constitution and Government exams. Various trivia type questions are also included to pique interest.

This quizzer does not attempt to quiz on all aspects of the US Constitution or US Government. It does include over 150 questions relating to the US Constitution and US Government. Many facts may be of the same type student will encounter on tests in school.

System Requirements: Mac OS X 10.0. A version built for Mac OS 8.1-9.1 can be downloaded from our web site at <http://fastrabbitsoftware.com/usconstitution.htm> for updates.

## **What's new in this version (3.0)?**

50+ new questions added. 2 answers revised. New splash screen. Now includes text of Declaration of Independence, US Constitution, and Amendments to the US Constitution. User can now press T or F on the keyboard for true or false.

## **REGISTER**

The US Constitution Quizzer is distributed as shareware. This allows you to try before you buy. Please do test the quizzer to see if it's a product that you will find useful with your child or in your classroom. The unregistered version of this program will ask 5 questions at a time from the first 35 questions in the quiz bank. To enable the program to ask more than 5 questions per round and to unlock the full bank of 150+ questions you will need to purchase a registration code.
