

#45 File prefix using SEARCH BY INDEX

Written by Ron Dell'Aquila Published Date January 10, 1988

Include the file prefix when using the SEARCH BY INDEX command

When using the command **SEARCH BY INDEX** it is important to use the File designator regardless if using the Default File command.

Not acceptable:

Default File([File1])
SEARCH BY INDEX (Name="ACIUS")

Acceptable:

Default File([File1])
SEARCH BY INDEX [File1]Name="ACIUS")

or

SEARCH BY INDEX ([File1]Name="ACIUS")
