

NEXTSTEP IN FOCUS

Support Bulletin for Users and System Administrators

Summer/Fall 1994

Volume 4, Issues 3 and 4

FEATURES

Bus Architectures: An Overview

A primer on why there are so many architectures and how NEXTSTEP™ fits in.

Brandon Greimann

Bus Terminology

An extensive glossary of bus architecture terminology.

Simple Configuration: Plug and Play

The architecture that promises to make configuration by mere mortals possible.

Matt Watson

Flexibility in a Tiny Package: PCMCIA

Hard disk drives that fit in the palm of your hand, miniature modems, and more.

Curtis Galloway

The Need for Speed: PCI

The high-performance bus architecture, and perhaps the wave of the future.

Dean Reece

One PC, More Than One OS?

You're not limited to choosing between DOS and NEXTSTEP after all.

Joe Keenan

Release 3.3: What's New for Users

At last the wait is over! Here's what is in the latest version of NEXTSTEP.

Plus, updated tools for system administrators and new documentation.

Helen Casabona

Searching NetInfo™ in sendmail Config Files

A special feature we slipped into NEXTSTEP 3.3.

Alan M. Marcum

DEPARTMENTS

Focal Point

Peripheral Visions.

Tips & Techniques

Using the new NeXTanswers™ BBS; compression and mail; locating hidden files; corrections.

Contributing editors: James Stockford and Roy West

Copy editor: John Hammett

Design and production

Illustrator: Daniel Marusich
Designer: Cindy Steinberg
Production coordinator: Jennifer Sherer
Circulation manager: Chona Reyes
Printer: Forman/Leibrock

Contributions

Helen Casabona, Curtis Galloway, Brandon Greimann, Joe Keenan, Alan M. Marcum, Dean Reece, Matt Watson

Technical reviews

Bryce Jasmer, Marc Majka, Mark G. Tacchi

Special thanks

Heidi Bolen, Allen Denison, Toni Childress, Jan Tyler

Colophon

NEXTSTEP In Focus is designed, written, and produced with NEXTSTEP. Proofs are printed on a NeXT 400 dpi Laser Printer. Final pages are transferred to film using NEXTSTEP and an electronic imagesetter.

About NEXTSTEP In Focus

NEXTSTEP In Focus Support Bulletin for Users and System Administrators is a quarterly technical journal published by NeXT. It provides timely technical information to system and network administrators and users, to help you better support your NeXT network or user community and to help you make the most of NEXTSTEP.
