

CARMAGEDDON

You wanted it? You got it! The most controversial driving game in PC gaming history is about to wheel spin its way onto the PlayStation. SCi announces the release of their most eagerly awaited title of 1999 *Carmageddon PlayStation*.

Both *Carmageddon 1* and *Carmageddon 2: Carpocalypse Now!* were released amongst media storm of controversy, with calls to “ban this killer car game” from the media and the governments around the world. Both games then went on to prove their critics wrong by scooping a body bag full of awards and high review scores from around the globe.

Carmageddon PlayStation sees you pit your wits and wheels against 30 other maniac drivers over 30 massive race circuits in your quest to become the King of carnage. Just as its PC predecessors did before, *Carmageddon PlayStation* is set to bring exceptional game play that surpasses all other driving games in terms of realism, freedom of movement and sheer playability.

For the 3rd year running the name *Carmageddon* is about to create media mayhem!!!!

So what can you expect from such a sought after title? Well...

Cars

- You will be taking to the streets in the classic Eagle MK1, racing against a combination of the toughest, most psychotic maniacs on the road.
- The cars will feature new state of the art physics allowing your car to actually visually dent and crush upon impact. A feature yet to be seen in a PlayStation title.
- Each driver will have his/her own personality and driving style.
- The ability to upgrade your car's engine, armour and defences throughout the game.
- *Carmageddon PlayStation* will features new vehicles exclusive to the platform, such as a powered-up pick up truck, a fully turbo charged Mini and an ever aggressive cop car.

Tracks

- More challenging single player tracks. These tracks will feature fully interactive, destroyable landscapes.
- You will be able to race through the city streets, across a packed Ski resort complete with Ski jump and Bobsleigh as well as a medieval stunt track with loops, hoops and a maze.

- As well as the “normal” racing style tracks, *Carmageddon* PlayStation will also feature exclusive themed levels perfect for a game of mass destruction and an elevated speed track with one simple rule, SURVIVE.

Pedestrians

- Thanks to this titles advanced graphics engine all Zombies will be made with Polygon heads and bodies, with 2D animated legs and arms. This means, yep you guessed it, detachable limbs all round!! The ultimate leg pulling joke!
- Cows will of course be making an appearance in *Carmageddon* PlayStation.

Random Mission based levels for increased single player game play.

- As well as the good old fashioned “Kill em all, let God sort em out” routine, *Carmageddon* PlayStation will also feature a host of skill testing missions to complete. These will include such things as Check point racing, Zombie Killing and of course destroying your opponents.

Other features

- A training level to teach novice drivers the basic skills of survival.
- *Carmageddon* PlayStation will support analogue control pads and all PlayStation steering devices.
- 2 player, split screen mode.

Carmageddon PlayStation is one of the most eagerly awaited titles of 1999 and is guaranteed to be launched amongst a storm of controversy.

Carmageddon PlayStation maintains a winning formula of fun, freedom and action, which has made the PC versions an award winning success world wide.

Buckle up and get ready for the ride of your life!

***Carmageddon* PlayStation will be available in Spring 1999.**
