Background

Hang on to your body parts, **Carmageddon™ PlayStation** is just round the corner! With new levels, missions and cars, (combined with the **Carmageddon™** formula we all adore) **Carmageddon™ PlayStation** is a spanking new challenge that will take the **PlayStation** owner by the scruff of the neck and show them what real havoc and destruction is all about.

Carmageddon™ PlayStation ...
a crash course in survival

The Game

Carmageddon™ PlayStation is a completely new smash and trash experience in the double award winning ***Carmageddon™** series, developed specially for the PlayStation.

Take your place as Max Damage and prepare for the race of your life. Progress through each race by whatever means possible; let nothing get in your way. You must out-race, out-kill or out-smash your opponents if you are to make your way to the top of the Carmageddon™ championship.

Features

- Training/stunt level so participants can prepare themselves for the destruction that awaits.
- 10 different areas including Aztec, Ski resort and an F1 race track.
- 30 fully explorable tracks including 6 mission levels which give more defined goals.
- 30 cars including 10 vehicles never seen before.
- Huge assembly of different power ups and weapons (both old and new) including car bonuses and zombie effects.
- Ultra realistic physics mean that 'objects' fly through the air and skid round corners etc.
- Cars actually take 'damage' that has to be repaired.
- Smoothly animating zombies add even more realism.
- Split screen mode for multi-player gaming.
- Action progresses at an impressive 60 frames per second.
- Hidden bonus levels and areas to be discovered.
