Here is a listing of the Bulletin Board Systems located in the 408 area code (San Jose, California) and one in the 415 area code (San Francisco, California).

Most of these numbers are toll free if you live in the western side of the 408 area code (Saratoga, Los Gatos, Cupertino, Sunnyvale), this includes the 415 BBS which is located in Mountain View.

These numbers are in a ZPhonelist file for use with Zterm. If you do not have a copy of it, you can probably find a copy of it on this BBS or online service. You will find a copy of it for users in the 408 area code and one that has 1-408 or 1-415 already stored with the phone number for those who live elsewhere.

For those who live in the 408 and must dial "1" when dialing outside of 408, you will have to add a "1" to the Sound Mind BBS setup phone number.

It is possible to keep more than one ZPhonelist file in one folder along with Zterm, they only have to have different names. If you launch Zterm with one of these files, it will create a new ZPhonelist file and ignores this one. The file must be named ZPhonelist or, just double-click on the ZPhonelist file of your choice.

The ZPhonelist files included with this document are:

 ZPhonelist 408/415
& ZPhonelist 408/415 LD

You can remove the 408/415 or 408/415 LD to get just ZPhonelist so you can use these as your default BBS listings.

There are more BBSs in the 415, but this is the only one that I know of that is toll-free.

My America Online User Name is: TomHowe

I can be reached on most of the above BBSs as either Tom Howe or Thomas Howe by way of E-Mail.

Happy BBSing!

Tom
