

Runner v1.0 Shareware Installation Notes

Thanks for trying **Runner**..

On the shareware installation diskette you will find the following files.

RUNNER.EXE	:	The Runner Program
RUNNER.HLP	:	The Runner Help File
RUNNER.DAT	:	The Runner Sample Game
LEVEL01.MID	:	Runner Music file
LEVEL02.MID	:	Runner Music file
LEVEL03.MID	:	Runner Music file
README.WRI	:	This File
BBS.TXT	:	A text file description of Runner
JOYSTICK.ZIP	:	Windows Joystick Driver (compressed)

To install the shareware version of **Runner**, copy all of the files, except JOYSTICK.ZIP to the desired subdirectory on your system.

The JOYSTICK.ZIP file contains the files necessary to use a joystick from within Windows. This is a Microsoft supplied, but unsupported, driver and is optional. If you have a joystick connected to your system and do not already have a vendor supplied joystick driver, unpack JOYSTICK.ZIP to a floppy disk and follow the instructions contained within to install the driver.

Runner makes no modifications to your WIN.INI file.
