0b815f5f84012584067f411b312d37OneVision: Edit ± Store to Buffer

Store to Buffer

paste.tiff ⇐

This command can only be used in the edit mode of OneVision-Image, and it stores the the current image in the buffer.

If you're unhappy with subsequent changes you make to the image you can return to the original version by using the commands *<Replace from Buffer>* or *<Swap with Buffer>*. These commands can only be used if there is already something in the buffer.

Next: ;TauschenmitZwischenablage.rtf;⇐ Swap with Buffer
