Window of Document Pages

Text Window of Document Pages

Each page in a document has its own text window which is displayed in the Page Director (;Pagedirektor.rtf;↵) section of the document window. You can enter information about the current page in this text window.

266253_paste.tiff ↵

Figure: A text window with information about a page

The amount of text you can enter is unlimited. If the text doesn't fit into the window, a scroll bar will appear similar to that in any text

window.

Hint: You can also use this window as a pasteboard.
