b815f5f84012584067f411b312d37OneVision: Element ± Save As

Save Elements As

356215_paste.tiff ↵555441_paste.tiff ↵

Clicking this command saves all selected elements on the current page.

When you click the button, a file browser will appear in which you can enter the file name and the path for saving the selected

element(s).

The benefit of saving elements as OneVision objects in this way is that they can be imported very quickly.
