## Import Masterpages from Document

885442\_paste.tiff ↵ 345812\_paste.tiff ↵ paste.tiff ↵

This command enables you to import masterpages from other OneVision documents into the current one. In a file selection panel you can choose a OneVision document whose masterpages you want to import. The following panel will appear listing all masterpages, found in the document.

682692\_paste.tiff ↵

*Figure: The panel for importing masterpages, offering two masterpages*

From the list in this panel, you can select the masterpages you want to import into your document. Clicking <OK> adds them to your document's masterpages.

Next: ;SaveMP.rtf;;↵ Save Masterpage
