0b815f5f84012584067f411b312d37OneVision-Image: Introduction ± Impact
Area ± Image

Image

If *<Image>* is selected as the impact area, all the functions you use will affect the entire image. The only exception is if masks are activated.

A function is applied to an image by clicking the *<Apply>* command .

For jobs where you want to change just parts of an image using special tools, please refer to the next chapters.
