0b815f5f84012584067f411b312d37OneVision: Document ± Close

## Close Document

paste.tiff ▾

You can close the active document by clicking this command.

If you are going to close a document that contains unsaved changes, an attention panel will be displayed. From this panel you can choose between saving the changes (<Save>), discarding them (<Don't Save>) and canceling the close operation (<Cancel>).

Clicking the close button in the document's title bar has the same effect as the <Close>-command.
