

END-USER LICENSE AGREEMENT FOR ApexSQL® SOFTWARE

IMPORTANT-READ CAREFULLY: This ApexSQL End-User License Agreement ("EULA") is a legal agreement between Licensee either an individual or a single entity ("Licensee") and Lockwood Technical Svc Inc. ("ApexSQL") for the ApexSQL software identified above, which includes computer software components and may include associated media, printed materials, and "online" or electronic documentation ("SOFTWARE"). By installing, copying, or otherwise using the SOFTWARE, Licensee agrees to be bound by the terms of this EULA. If Licensee does not agree to the terms of this EULA, then installation or use of the SOFTWARE is not permitted.

SOFTWARE LICENSE

Copyright laws and international copyright treaties, as well as other intellectual property laws and treaties protect the SOFTWARE. The SOFTWARE is licensed, not sold.

1. GRANT OF LICENSE. This EULA grants Licensee the following rights:
2. DESCRIPTION OF OTHER RIGHTS AND LIMITATIONS.

Limitations on Reverse Engineering, De-compilation, and Disassembly. Licensee may not reverse engineer, de-compile, or disassemble the SOFTWARE, except and only to the extent that applicable law notwithstanding this limitation expressly permits such activity.

Separation of Components. The component parts of the SOFTWARE may not be separated for use on more than one computer.

Rental. Licensee may not rent, lease, or lend the SOFTWARE.

Support Services. ApexSQL may provide Licensee with support services related to the SOFTWARE ("Support Services"). Use of Support Services is governed by the ApexSQL policies and programs described in the user manual, in "online" documentation, and/or in other ApexSQL-provided materials. Any supplemental software code provided to Licensee as part of the Support Services shall be considered part of the SOFTWARE and subject to the terms and conditions of this EULA. With respect to technical information Licensee provides to ApexSQL as part of the Support Services, ApexSQL may use such information for its business purposes, including for product support and development. ApexSQL will not utilize such technical information in a form that personally identifies Licensee.

Software Transfer. Licensee may permanently transfer all of Licensee rights under this EULA, provided Licensee retain no copies, Licensee transfer all of the SOFTWARE (including all component parts, the media and printed materials, any upgrades, this EULA, and, if applicable, the Certificate of Authenticity), and the recipient agrees to the terms of this EULA. If the SOFTWARE is an upgrade, any transfer must include all prior versions of the SOFTWARE. Notification of transfer must be done in writing to ApexSQL and must include all SOFTWARE identification information.

Termination. Without prejudice to any other rights, ApexSQL may terminate this EULA if Licensee fails to comply with the terms and conditions of this EULA. In such event, Licensee must destroy all copies of the SOFTWARE and all of its component parts.

3. UPGRADES. If the SOFTWARE is labeled as an upgrade, Licensee must be properly licensed to use software identified by ApexSQL as being eligible for the upgrade in order to use the SOFTWARE. SOFTWARE labeled as an upgrade replaces and/or supplements the software that formed the basis for Licensee's eligibility for the upgrade. Licensee may use the resulting upgraded software only in accordance with the terms of this EULA. If the SOFTWARE is an upgrade of a component of a package of software programs that Licensee licensed as a single product, the SOFTWARE may be used and transferred only as part of that single product package and may not be separated for use by no more than one user.
4. COPYRIGHT. All title and copyrights in and to the SOFTWARE (including but not limited to any images, photographs, animations, video, audio, music, text, and "applets" incorporated

into the SOFTWARE), the accompanying printed materials, and ApexSQL or its suppliers own any copies of the SOFTWARE. Copyright laws and international treaty provisions protect the SOFTWARE. Therefore, Licensee must treat the SOFTWARE like any other copyrighted material except that Licensee may install the SOFTWARE on a single computer provided Licensee keep the original solely for backup or archival purposes. Licensee may not copy the printed materials accompanying the SOFTWARE.

Both computers must be owned by or assigned to the Licensee. Installation and or use of this SOFTWARE on more than two computers, at any given time, is unauthorized and is violation of EULA. As computers are replaced the SOFTWARE can be installed on replacement computer as long as it is installed on no more than 2 computers.
