

HIYA! This is a halfway-hentai Kiss set for us girls! I mean... Where else do you get to see Robin in his undies?!

And I seriously thought about giving him Super Friends Underoos! Hehehee. BUT! I didn't. Maybe in the expansion set. Please DON'T redraw him as a FULL hentai... At least ask me first if you do.

As for the mix of characters... This is a glimpse into the screwed up world were I(Batchix) live. Here is the perfect Amalgam world. It's Adventures of Batman and Robin, X-men(All the old Fox Kids shows scrolled into one...^_-)

All though Dick Grayson is still Robin, he's just entering college with Barbra Gordon. But Wolvie(Wolverine) still has metal

laced bones, but Huntress exists! Here, all the characters, Manga, Comic, Cartoon, or Anime, call home. Wether it's Ranma,

Tenchi, Dragon-Half(Which in my theory is in Etheria or Eternia- ^_-), Transformers, Bonkers B Bobcat, Nuku-Nuku, Teenage Mutant Ninja Turtles... Whatever! It's what we, the fans, would consider a semi-near-perfect world...

As for the pictures in the Batcomputer...

0. Wayne Manor!

1. Batgirl alerts Robin to a crisis at hand! In the background are Harvey Bulluck(sp?), Comish'nr Gordon, Renee Montoya,

and of course, the batsignal.

2. Arkham Asylum, we aim to please! There's Poisen Ivy in her cell, with her plants.

3. Harley Quinn chases imaginary Batmen with her pop gun...Go figure...

4. Summer Gleason, Ace Reporter! At the scene of a Rogue Gallery bombing!

5. BRUUUUUUUUUCCCCIIIIIE!!!! Other wise known as The Batman!

6. Huntress has everything "wrapped up" here...

7. Joker grins for the cameras, as his henchmen keep Major Hill busy...

8. Mr Freeze decides how to fix up Mr Dent's (Two-Face) apartment.

9. Last but certainly not least... ME! Yes, I was standing here the whole time telling Grayson to stop playing dress

up and go play hero! How is it that I'm in the screen? Robin has a micro camera, and I'm standing right in front of him!!

The outfits and quotes are from the Elseworlds Comic, "Batman: Night Gallery." Which shows different Artists' interpretations of Batman and Robin's suits. Yeah, so it doesn't exactly go with my world...It certainly is interesting

to get into Brucie's mind! I may make a Batman Kissfile... But there are 13 totally different outfits for him, opposed to Robin's

13 almost similare outfits of Robin. Anyway...

The pictures on the screen are from the Adventures of Batman and Robin Make Your Own Cartoon CD.

My father got it for me for Christmas last year. Maybe I'll use the charaters from that to make a kiss file, to intice you to find the CD! (Go ahead! I dare you! They're really rare! I think...) I dunno... That maybe copyright infringement or something. Oh well! Thanx again!
