Win-Align   (Release 1.0 -- October 19, 1995)

Win-Align is an easy-to-use utility for aligning and sizing windows to give your desktop a neat, clean-looking appearance. It works with both top level windows and MDI child windows.

Alignment Options:
>   * Place selected window(s) in the upper left, upper right, lower left, or lower right corners.
>   * Align selected windows along their top, bottom, left, or right edges.
>   * Space selected windows the same number of pixels apart, either vertically or
>   horizontally.

Sizing Options:
>   * Make selected windows the same height, width, or both.

Undo Changes:
>   * Up to 10 levels of "undo" are supported.

INSTALLING WIN-ALIGN

1. Create a new subdirectory C:\WINALIGN (or choose your own disk and subdirectory name).

2. Copy the following files to this new subdirectory:

>   - WINALIGN.EXE
>   - WINALIGN.WRI

3. Copy the file CTL3D.DLL to your windows system directory (usually C:\WINDOWS\SYSTEM). If this file already exists you do not need to copy this file; however, if you receive garbled output in some dialog boxes you should use the supplied CTL3D.DLL instead of the already present file.

4. Create a new group in your Windows Program Manager (e.g. "Win-Align").

5. Create new program entries for the following files in the WINALIGN subdirectory:

>   - WINALIGN.EXE   (The program file)
>   - WRITE WINALIGN.WRI   (Documentation in Windows Write format)

DISCLAIMER AND AGREEMENT

Users of Win-Align must accept this disclaimer of warranty.

The author disclaims all warranties, expressed or implied, including, without limitation, the warranties of merchantability and of fitness for any purpose. The author assumes no liability for damages, direct or consequential, which may result from the use of Win-Align.

Win-Align is a Shareware program, and is provided at no charge to users for evaluation. Feel free to share it with your friends and colleagues.

If you find Win-Align useful, and you are continuing to use it after the trial period of 30 days, you must make a registration payment of **$10.00** (US) to

>   **Gary Taylor**
>   **21119 Crocus Terrace**

Ashburn, Virginia 22011

The registration fee will license one copy for use on any one computer at any one time. Site License arrangements may be made by contacting Gary Taylor.
