Becoming a Registered User

We thank you for giving Win Multiple Configurations a test drive. Registration is easy and it ensures that we at JRE Enterprises can continue to develop low cost, quality applications for Windows.

Registration Form, Win Multiple Configurations 7.2

This registration form is good until October 1, 1997. Registration also can be done on CompuServe (GO SWREG, title "Win Multiple Configurations", registration id 662). Registered users of prior versions of Win Multiple Configurations should view REREGISTR.WRI for a discounted re-registration cost.

Installation of Win Multiple Configurations on your computer system implies agreement with the terms and conditions below.

Distribution of Win Multiple Configurations, its accompanying programs and documentation is considered as is. JRE Enterprises offers no warranties of any kind, expressed or implied. This includes, but is in no way limited to, warranties of Win Multiple Configurations merchant ability or fitness for a particular purpose. Under no circumstances will JRE Enterprises be liable for any damages which result from the use of this program or the inability to use it. Exclusion from liability includes, but is not limited to, lost profits, lost savings, or any other incidental or consequential damages.

Win Multiple Configurations is distributed as Shareware. It is not free, freeware, or in the public domain. You may use Win Multiple Configurations for a trial period of thirty days, at no cost to you, to determine if it fits your needs. If you decide to use Win Multiple Configurations past the thirty day trial period, you must register and pay the applicable registration fee. Individual copies of the unregistered version of Win Multiple Configurations may be given to friends and associates for the same thirty day free trial period. You may also upload Win Multiple Configurations to the public section of a public BBS.

You may not modify or disassemble Win Multiple Configurations, nor distribute any modified or disassembled versions of Win Multiple Configurations. Win Multiple Configurations may not be included with any other product without written permission from JRE Enterprises.

STANDALONE REGISTRATION:

Standalone registration of Win Multiple Configurations (the "SOFTWARE") permits you to use the "SOFTWARE" on a single computer. The "SOFTWARE" is in "use" on a computer when it is loaded into temporary memory (i.e., RAM) or installed into permanent memory (e.g., hard disk, CD-ROM, or other storage device) of that computer. However, installation on a network server for the sole purpose of internal distribution shall not constitute "use" for which separate license is required, provided you have a separate license for each computer to which the "SOFTWARE" is distributed. You may make backup copies of Win Multiple Configurations as necessary for archival purposes only.

CLIENT/SERVER REGISTRATION:

Server registration of Win Multiple Configurations (the "SOFTWARE") permits you to use the "SOFTWARE" on a single network server. The "SOFTWARE" is in "use" on a server when it is installed into permanent memory (e.g., hard disk, CD-ROM, or other storage device) of that computer. Each server registration includes ONE Client registration.

Client registration of Win Multiple Configurations (the "SOFTWARE") permits you to use the "SOFTWARE" on a single computer by accessing the "SOFTWARE" executables from a network server. The "SOFTWARE" is in "use" on the client when it is loaded into temporary memory (i.e., RAM). The "SOFTWARE" executables may NOT be installed into permanent memory (e.g., hard disk, CD-ROM, or other storage device) unless the computer also has a STANDALONE registration. The "SOFTWARE" data files may be installed into permament memory (e.g., hard disk, CD-ROM, or other storage device) without a STANDALONE registration.

However, installation on a network server for the sole purpose of internal distribution shall not constitute "use" for which separate license is required, provided you have a separate license

for each computer to which the "SOFTWARE" is distributed. You may make backup copies of Win Multiple Configurations as necessary for archival purposes only.

SITE LICENSE REGISTRATION:

Site license registration of Win Multiple Configurations (the "SOFTWARE") permits you to use the "SOFTWARE" in any combination of STANDALONE REGISTRATION and CLIENT/SERVER REGISTRATION on all computers owned or operated by the registering party which reside within the same city limits.

U.S. Government RESTRICTED RIGHTS: Use, duplication, or disclosure by the Government is subject to restrictions as set forth in subdivision (b)(3)(ii) of the Rights in Technical Data and Computer Software clause at 252.227-7013.
