How To Play Basketball ShootOut

Objective

In Basketball ShootOut your objective is to sink five baskets in 3 minutes from each of the 4 designated hotspots. The game has four rounds.

- Round 1: 10 chances from each spot to sink 5 baskets
- Round 2: 8 chances from each spot to sink 5 baskets
- Round 3: 7 chances from each spot to sink 5 baskets
- Round 4: 6 chances from each spot to sink 5 baskets

Shooting

Shooting in Basketball ShootOut is simple. In the lower right part of the main screen is a hoop with a small ball moving from left to right. When the ball is in the middle of the hoop press the left mouse button. The closer you are to the center of the hoop the higher your chances are for a successful basket.

Scoring Rules

You get 100 points for each basket you sink.

You also get percentage bonus points. You get 100 points times your shooting percentage. Ex. If you shoot 50% you will get a 5000 point bonus at the end of the completed round.

You also get time bonus points. You get 50 points times your remaining time left (in seconds). Ex. If you have 60 seconds left after you complete a round you will get a 3000 point bonus at the end of the completed round.
