Additional e-Commerce and Internet Software from Pacific Gold Coast:

TurboSFX - Compress & Distribute Files with Ease and Style! TurboSFX allows you to package your data and program files in a variety of ways. You can make 16 and 32 bit self-extracting executable (SFX), multi-volume self-extracting CABinet (CAB), and Installer files, ready to be self-decompressed, run, and installed. You can easily package your programs and contents for streamlined delivery across local and wide-area networks, or over the Intranet or Internet that requires minimal or no effort for the recipients to use your files.

The Evaluation Version of TurboSFX for Windows 95/98/NT can be downloaded from the TurboSFX web site (URLs for English, German and French sites):
