Version 2.0 - May 2002

This version of the VCDEasy License supersedes any prior versions.

This software was developed delphi.stuff.

BY INSTALLING, COPYING, DISTRIBUTING OR USING "**VCDEASY**" (THE "PRODUCT"), THE INDIVIDUAL OR ENTITY LICENSING THE PRODUCT ("LICENSEE") IS CONSENTING TO BE BOUND BY AND IS BECOMING A PARTY TO THIS AGREEMENT. IF LICENSEE DOES NOT AGREE TO ALL OF THE TERMS OF THIS AGREEMENT, LICENSEE MUST NOT INSTALL, COPY, DISTRIBUTE OR USE THE "PRODUCT".

The "product" is **FREEWARE**, meaning that there is no charge (monetary or otherwise) for its use, even a commercial one.

Licensees of the "product" (all versions, including any beta versions) must accept this license agreement and the disclaimer.

You (the licensee) may not reverse engineer, decompile, or otherwise attempt to derive the source code from the "product" except as permitted by applicable law. You may terminate this license agreement at any time provided that you destroy all your copies of the Product. This license will automatically terminate if you fail to comply with any part of the agreement, at which time, you must destroy all your copies of the "product". The Author, at any time, may terminate this license agreement.

Redistribution and use in source forms is strictly forbidden.
Redistribution and use in binary forms are permitted provided that the following conditions are met:

- Redistributions in binary form must reproduce this license file unchanged in the documentation and other materials provided with the distribution.
- The original distribution files must not be renamed or modified.
- All advertising materials mentioning features or use of this software must display the following acknowledgement in a location viewable by users: "This product includes VCDEasy, freeware developed by delphi.stuff", or in the case VCDEasy in not included: "VCDEasy, freeware developed by delphi.stuff".
- Neither the name "VCDEasy" nor "delphi.stuff" may be used to endorse or promote products derived from, using or distributing this "product" without specific prior written permission.
- For any web distribution a link to 'http://www.vcdeasy.org/' must be added.
- You must not charge for the "product" itself, VCDEasy is freeware.
- Commercial distributions of the "product" (via magazines, commercial software packages,...) are strictly forbidden without specific prior written permission, if the price of the distribution (magazine, package,...) is more than US$10 or 10€

Note that VCDEasy distribution files may include, for the user convenience only, software that are under GNU GPL (GNU VCDImager, CDRDAO, some MJPEG tools), and the CD-i files from the "New International CD-i Association" (I have an agreement from Jorg Kennis). Of course, this VCDEasy license does not apply to them, and they have their own license.
