

HoverDesk Registration form

HoverDesk is a complete and powerful desktop replacement. It adds versatility to your existing Windows desktop and lets you customize your interface according to your needs and tastes. HoverDesk includes Launch bars in unlimited number; Tiles can be any size, any shape, with support for full transparency; A powerful taskbar; An open architecture that allows the use and development of third-party plug-ins; and a quick & easy configuration by drag & drop and the support for themes. HoverDesk is not a shell and doesn't mess with your system files.

HoverDesk is a Shareware. **Unit price is only USD \$19.95.** Thanks for your support !
