You can order online by visiting http://www.camdevelopment.com/purchase.htm You can also purchase by US check/money order using the order form accessed by clicking the BUY NOW link anywhere in the software or using the ORDER.RTF file in the application's folder.

ALL ORDERING METHODS ARE COMPLETELY SECURE!

3. UPGRADES/UPDATES

This is a major upgrade for licensed users of older versions and a minor version update for

licensed users of Label Designer Plus DELUXE 8. If you are a licensed user of an older version you can upgrade at a reduced price by visiting http://www.camdevelopment.com/upgrade.htm You can also upgrade by US check/money order using the order form accessed by clicking the BUY NOW link anywhere in the software or using the ORDER.RTF file in the application's folder. All upgrade requests are verified manually. Upgrade pricing is only available to licensed users. Please be sure to upgrade under the same name/company you originally purchased under.

Applying a Minor Version Update

Periodically we release updates to correct problems and make minor feature enhancements. These are referred to as minor version updates. To install a minor version update make sure Label Designer Plus DELUXE is not running, then install the update in the same folder your older version is installed in. Setup will update the necessary files. You will not lose any information or settings.

Upgrading from Older Versions

To upgrade from older version you must install Label Designer Plus DELUXE in a different folder than your older version is installed in (setup does this automatically by default). After Label Designer Plus DELUXE 8 is installed and running you can uninstall your old version.
