

## Pocket LOOX 610

### The mobile office in your hand

People who spend time out and about will appreciate this pocket office. The Pocket LOOX 610 is the ideal platform for mobility solutions.

Manage contacts, send and receive e-mails, and access your office data whilst on the move. The integrated Windows Mobile Software 2003 for Pocket PC offers you a wide range of office applications on your Pocket LOOX.

Pocket LOOX 610 is designed as an open platform. Thanks to its flexible connectivity, mobile applications, like accessing data on a SAP server, secure VPN solutions or thin client based mobility solutions can be easily implemented. Fujitsu Siemens Computers can offer support in finding the right mobile solution for you and your business.

#### Mobility

- Wireless data transmission wherever you are via Bluetooth™ or optional WLAN
- Two Pocket LOOX 610 versions with integrated connectivity to perfectly meet customer requirements
- High expandability due to integrated SD/MM card slot and CF card slot for even more mobile functions
- Choose the type of connection that suits you best: Fast Infrared, Bluetooth\*, WLAN (optional) or GPRS (additional accessory)
- Broad range of accessories like GPS navigation kit, WLAN, GSM/GPRS, CF/SD memory cards or batteries
- Optional EASY2CONNECT connection manager for convenient access
- Stylish, high-end design for every profile – in and out of the office

#### Reliability

- Mechanical and functional stability through extensive quality tests
- Global warranty, service and spare part supply to suit your needs
- Exchangeable batteries for flexible and long operation times
- Connectivity via Bluetooth and / or WLAN combined with high performance for reliable mobile business applications

#### Security

- Easy and secure access and data protection for your business intelligence
- Automatic password protection when powered off (depending on operating system settings)
- Flashable ROM (LOOXstore) to save your data in case of hard reset
- F-Secure FileCrypto for Pocket PC Personal Edition
- Optional VPN solutions for secure data transaction

#### Ergonomics

- Enjoy the viewing quality of the brilliant transfective color TFT TouchScreen display for indoor and outdoor use
- Advanced one hand use with Fujitsu Siemens Computers SpeedMenu
- Fast access to your favorite applications through programmable buttons
- Optional foldable keyboard for easy data entry

\* ActiveSync and certain profiles are dependant on third party Bluetooth hardware capabilities. Please check profile availability on remote device to ensure compatibility. Fujitsu Siemens Computers Bluetooth dongle is recommended for maximum device compatibility (order code: S26391-F2461-L200).
