

Thank you for taking the time to review the AutoCAD LT Release 2 for Windows Live Demo Version (LDV). The LDV is a complete copy of AutoCAD LT Release 2 except that it does not support printing, saving, exporting, or copying to the clipboard. If you are new to CAD, we recommend you look at the Orientation in the Help menu for an overview of the differences between board drawing and AutoCAD LT.

If you are interested in purchasing a full copy of AutoCAD LT Release 2, please contact the nearest Autodesk office for information about the reseller closest to you.
