Gorin's Organiser for Windows

Visualise your life!

Bug Report Form

Although Gorin's Organiser has been extensively tested in numerous operating environments, there may exist one or two problems which have yet to be found. If you are in the unfortunate position of experiencing such a problem, please complete this form to the best of your ability and return it to NGS at the address below. We will then review the problem and let you know what can be done.

Please read the help topic "Commonly Asked Questions" before completing this form.

Gorin's Organiser for Windows
Visualise your life!
Bug Report Form

<u>Yourself</u>

Name:

Address:

Telephone:

Are you a registered user or are you evaluating Gorin's Organiser?

<u>Your Computer</u>

Make, Model:
Processor:
Type of display:
Display Driver (as shown in Windows Setup):
MS DOS & Windows or OS/2 version numbers:

Do you use a mouse?
Do you use Large (or 8514) fonts?

<u>Organiser</u>

Did you previously use Gorin's Organiser for DOS?   If yes, which version?
How many "Users" have you set up in the Organiser?
If more than one, does this problem occur under all your user sets?
IMPORTANT: What is the version number and build date of the copy of Gorin's Organiser under which the problem occurs?

TIP: To find out the EXACT version number and build, select Help | About and click on the third tab.

<u>Problem</u>

Where did you experience the problem (e.g. Notebook Index)?

What other programs were running at the time (e.g. Browser, Program Manager, PaintBrush)?

If this problem has occurred more than once*, please detail the steps necessary to reproduce it:

* Please note that it is usually not possible to trace problems which occur only once and cannot be reproduced.

<u>Suggestions</u>

Have you any suggestions for new features or changes which could be implemented in Gorin's Organiser for Windows. In particular, are there any features in the current release which you find hard to use or dislike?

Please send completed forms to:
