FREEWARE

ZR IconWorks Icon Maker / Editor / Viewer

also includes

RDX 4.0 - 256,000 Color Text Reader

Description: Add-on package for ZR FileWorks features 2 independent programs, a FREEWARE multi-icon editor/viewer which lets you make your own custom icons for your favorite DOS or Windows programs, with normal draw, line draw, fill, draw shapes, custom color palettes, zoom in or out while editing + many more features. Also includes RDX 4.0 256,000 color VGA 4 resolution mode (25, 36, 43, 50 lines) text reader which runs under and loads files from within ZR FileWorks for Windows. Its features include search with match count, ratio driven side bars, page bars, multi-user preference settings, optional automatic reformatting of text plus many custom preference options..

Installation: ZR IconWorks goes in the same directory as ZR FileWorks, \ZRW. RDX goes in any path set directory (Example: \dos or \windows) to enable access from any directory while using ZR FileWorks. RDX's setup files will automatically be placed and be found by the program in the root directory of the current drive. These files will end in an .rdx extension.
