# Printer Select

Printer Select provides the following functions to assist printing tasks:
- Display all available printing devices
- Allow selection of desired printing device
- Toggle between portrait and landscape orientation
- Toggle Print Manager on and off

- Double-click to close ***Printer Select***.

- Double-click to toggle Print Manager on and off. If on (Default), "PM" is displayed in the title bar.

- Double-click to open the Preferences window.

Landscape/Portrait - Double-click title bar to toggle orientation. Status is displayed in title bar as "Port" (Default) or "Land."

Preferences

From the **Preferences** window you can choose how <u>Printer Select</u> will start and whether or not ***Printer Select*** will stay on-top of other windows.

Stay On-Top Now - Check to keep ***Printer Select*** on top of all other windows.

You may select the following start up options:
- Orientation - Either **Portrait** (Default) or **Landscape**
- **Use Print Manager** - If checked the Windows print spooler will be enabled (Default).
- **Screen Position** - You may choose any of the four screen corners (**0**, **2**, **6**, **8**), four edge centers (**1**, **3**, **5**, **7**) , or screen center (**4**). **8** as the default. In addition you may select to save the **Last Used** screen position.
- **Stay On-Top** - Check to keep ***Printer Select*** on top of all other windows.

> **Note:** Some programs which utilize their own printer and spooler functions may not use the ***<u>Printer Select</u>*** settings.
