The Make-Up Organizer
V1.0
December 4, 2000
COMP2 Consultants

The make up organizer allow you to track your favorite brands, colors, the best price, place of purchase and more.

The opening menu shows each of the areas that the organizer tracks. Future releases may contain additional categories.

Foundation Summary

| Name	Color	Have	Need
		☐	☐

The opening page for each category shows a listing of all the products that have been entered.

The lower left icon will take you to the detail page.
The folded page creates a new record.
The lined page takes you back to the table of contents.
